i am

westminster

high

school

i am the beginning of

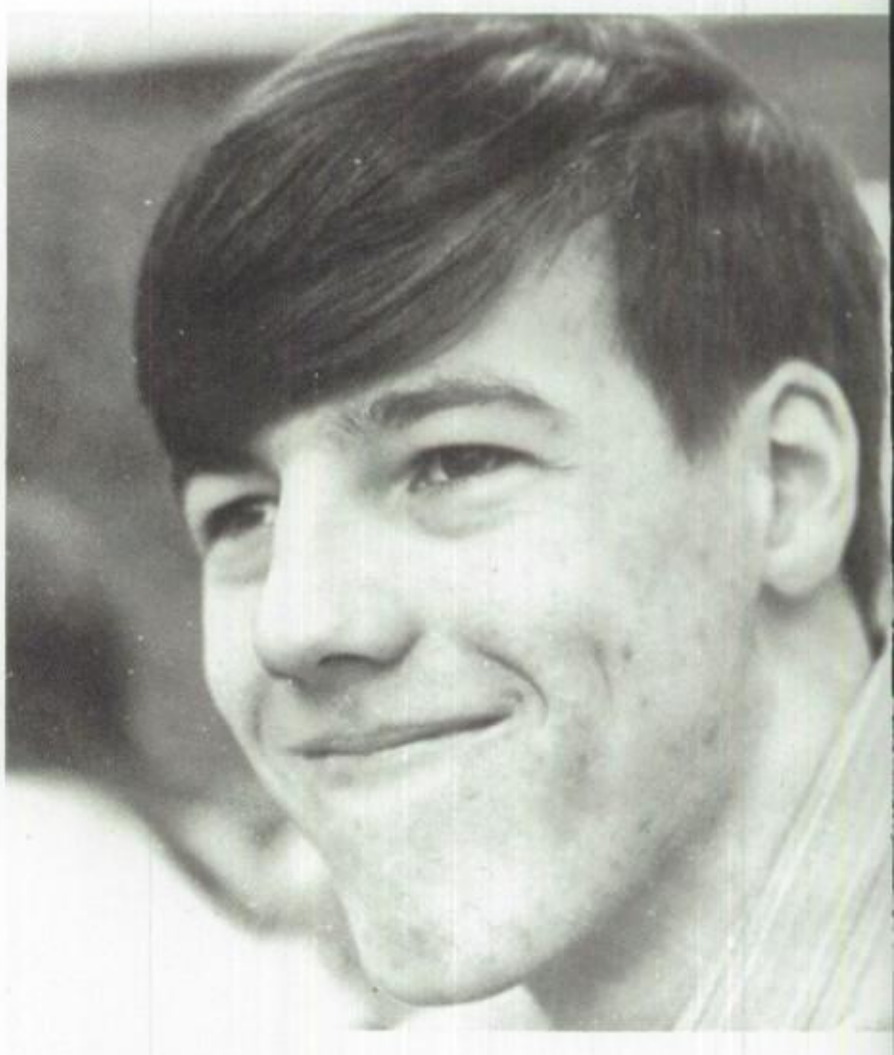
beginnings

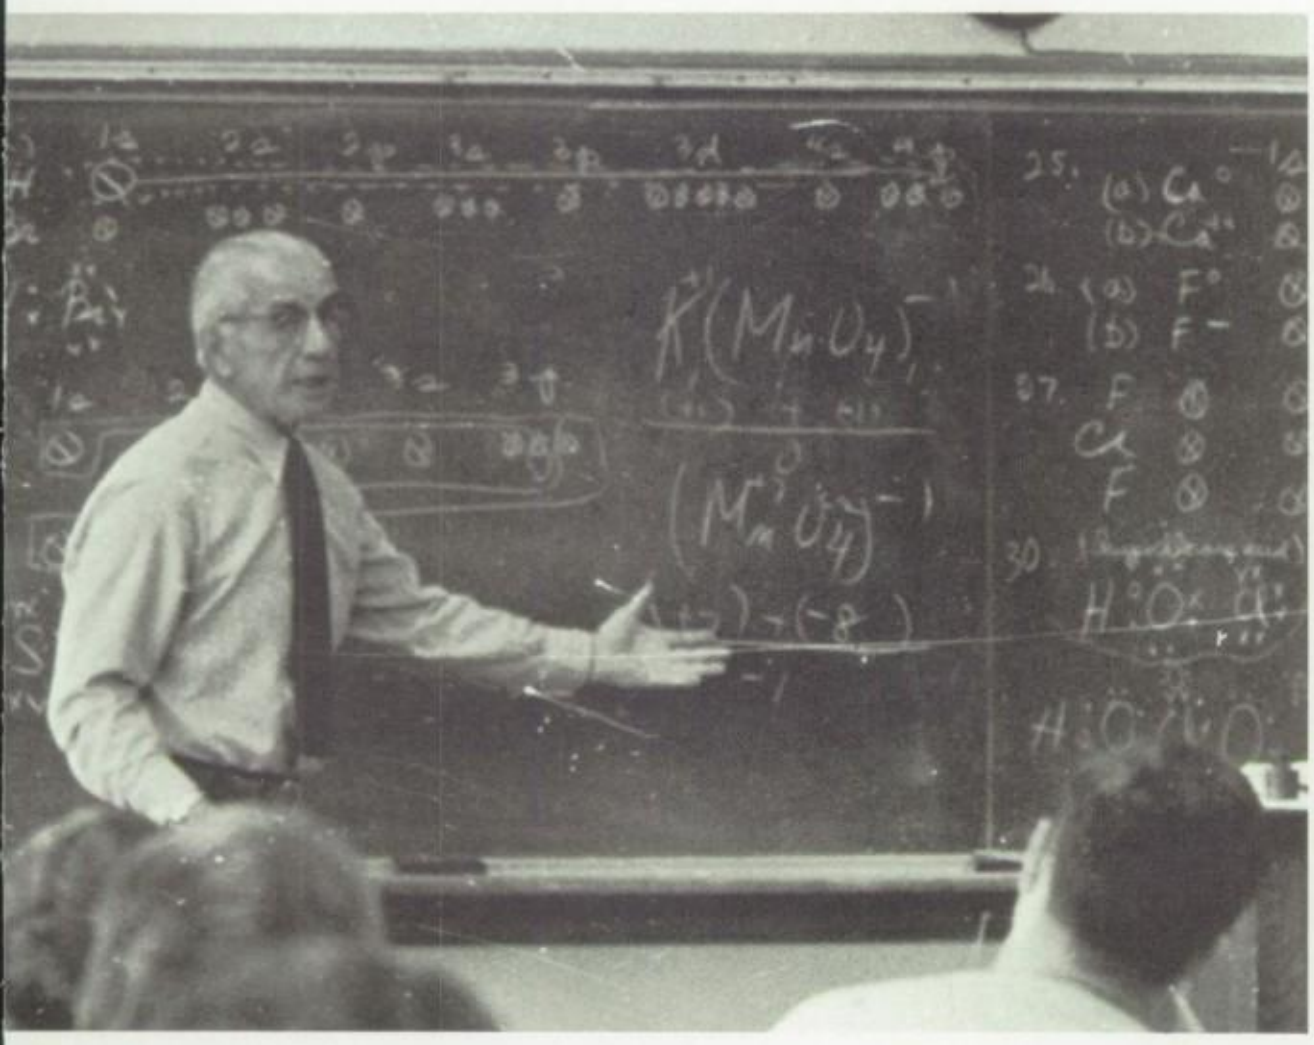
i am the warm brown

earth in which a seed is

planted . . .

i am the smiles of Friendship

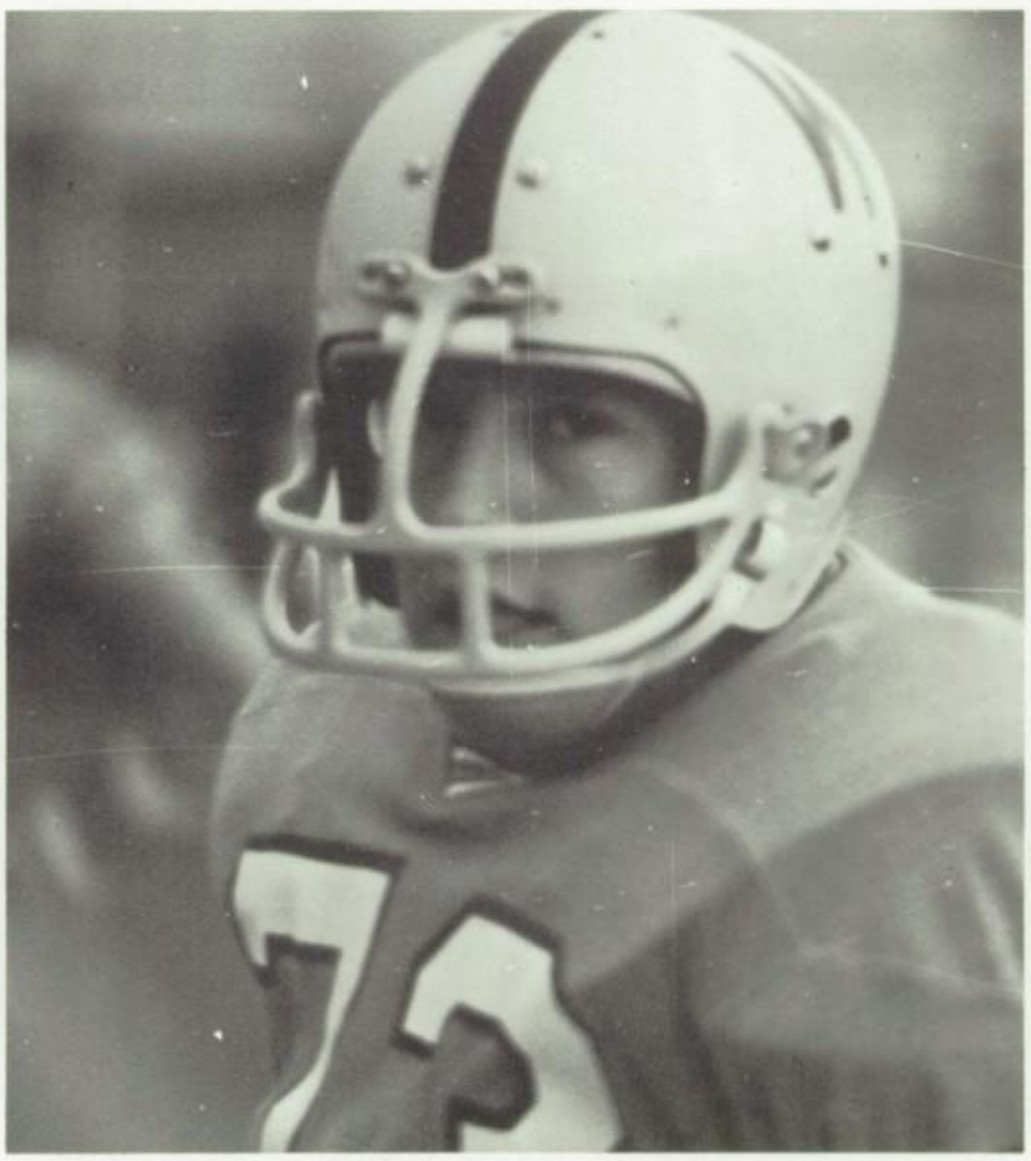


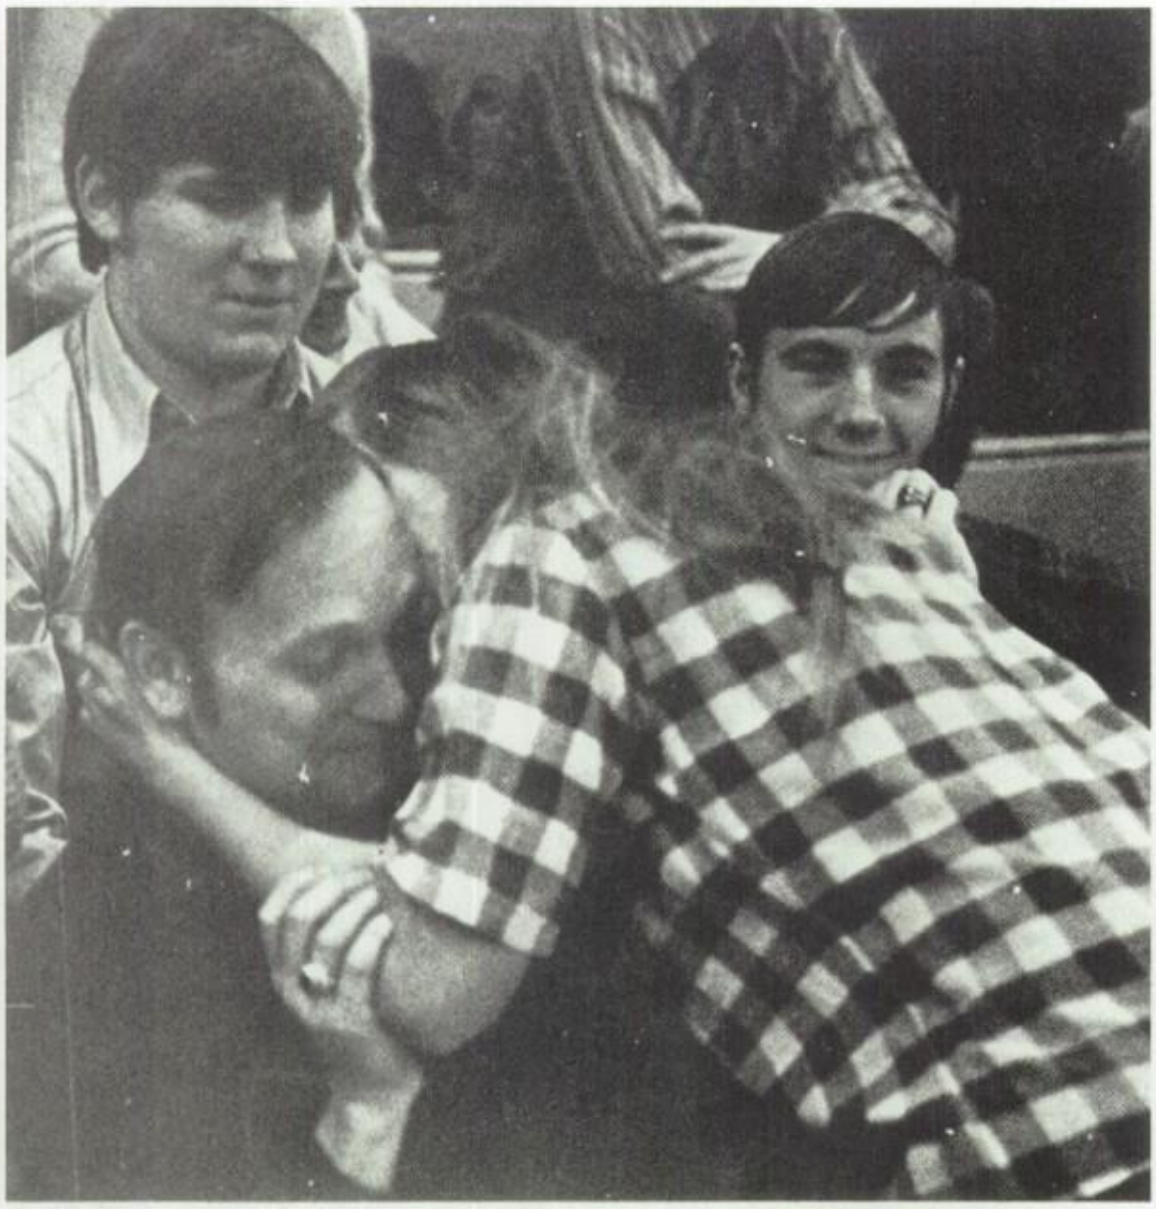


the tools of

learning,

and sometimes the pain of disillusionment . . .





i am a melting pot

of emotions

bubbling over

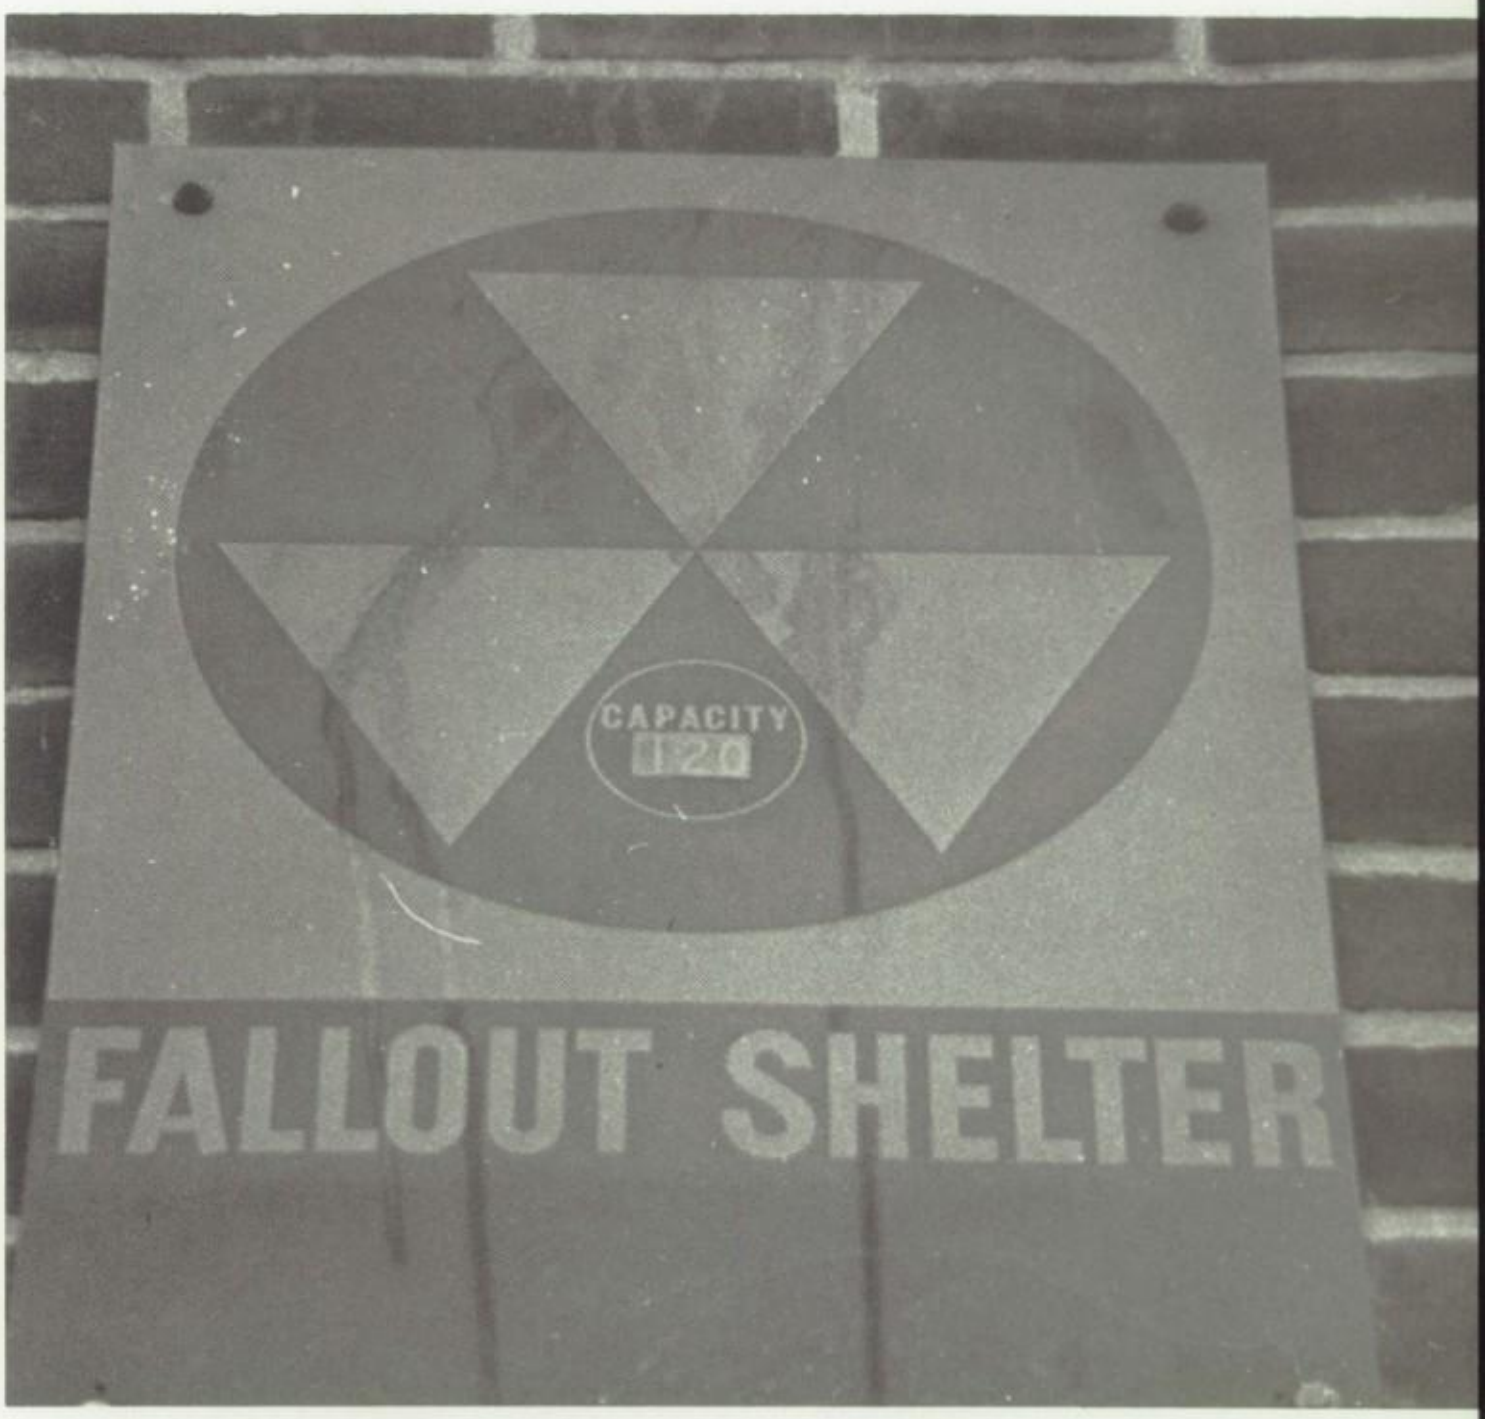
i am new ideas

confronting old

i am

1200

individuals

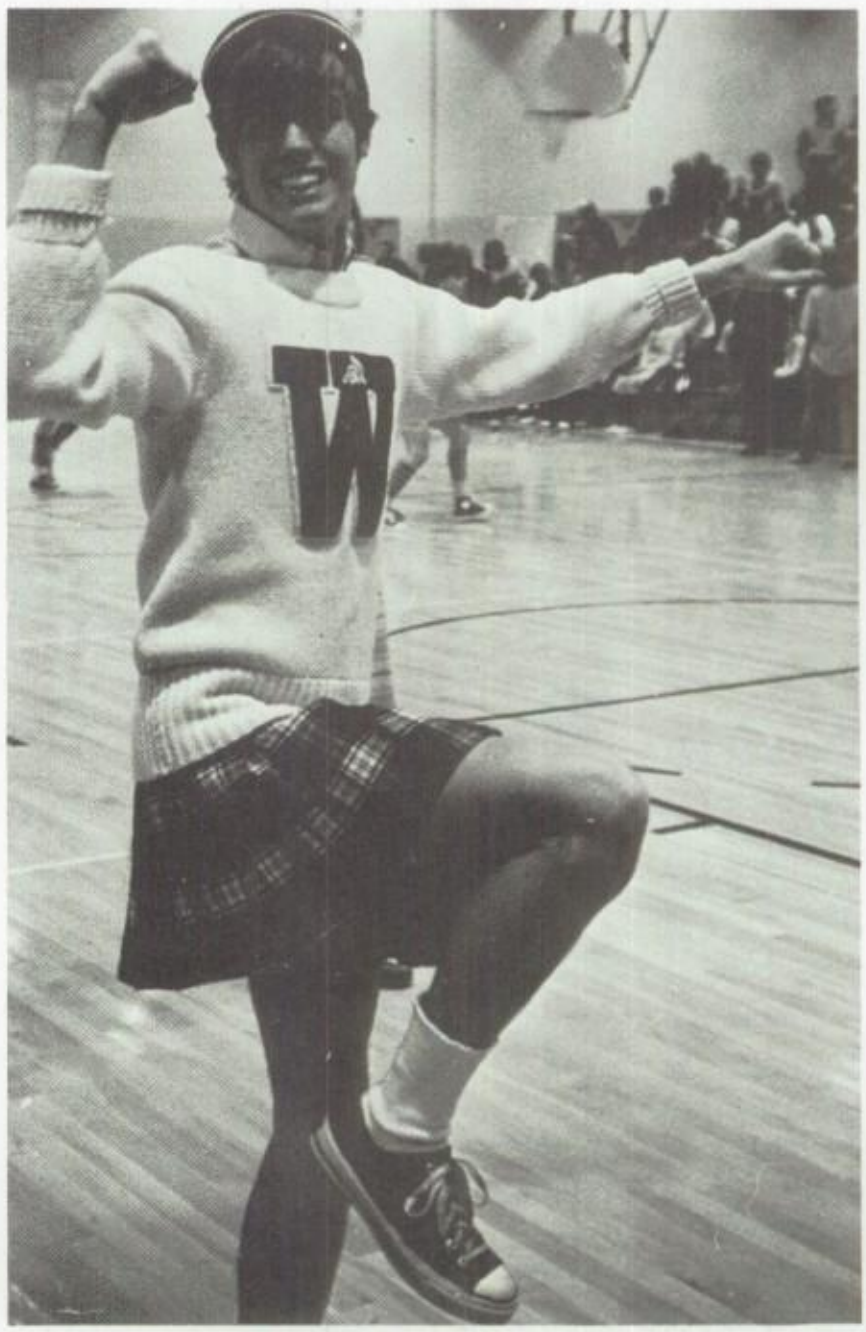


Yet i am held together by

an intangible force –

a movement . . .

a spirit . . .

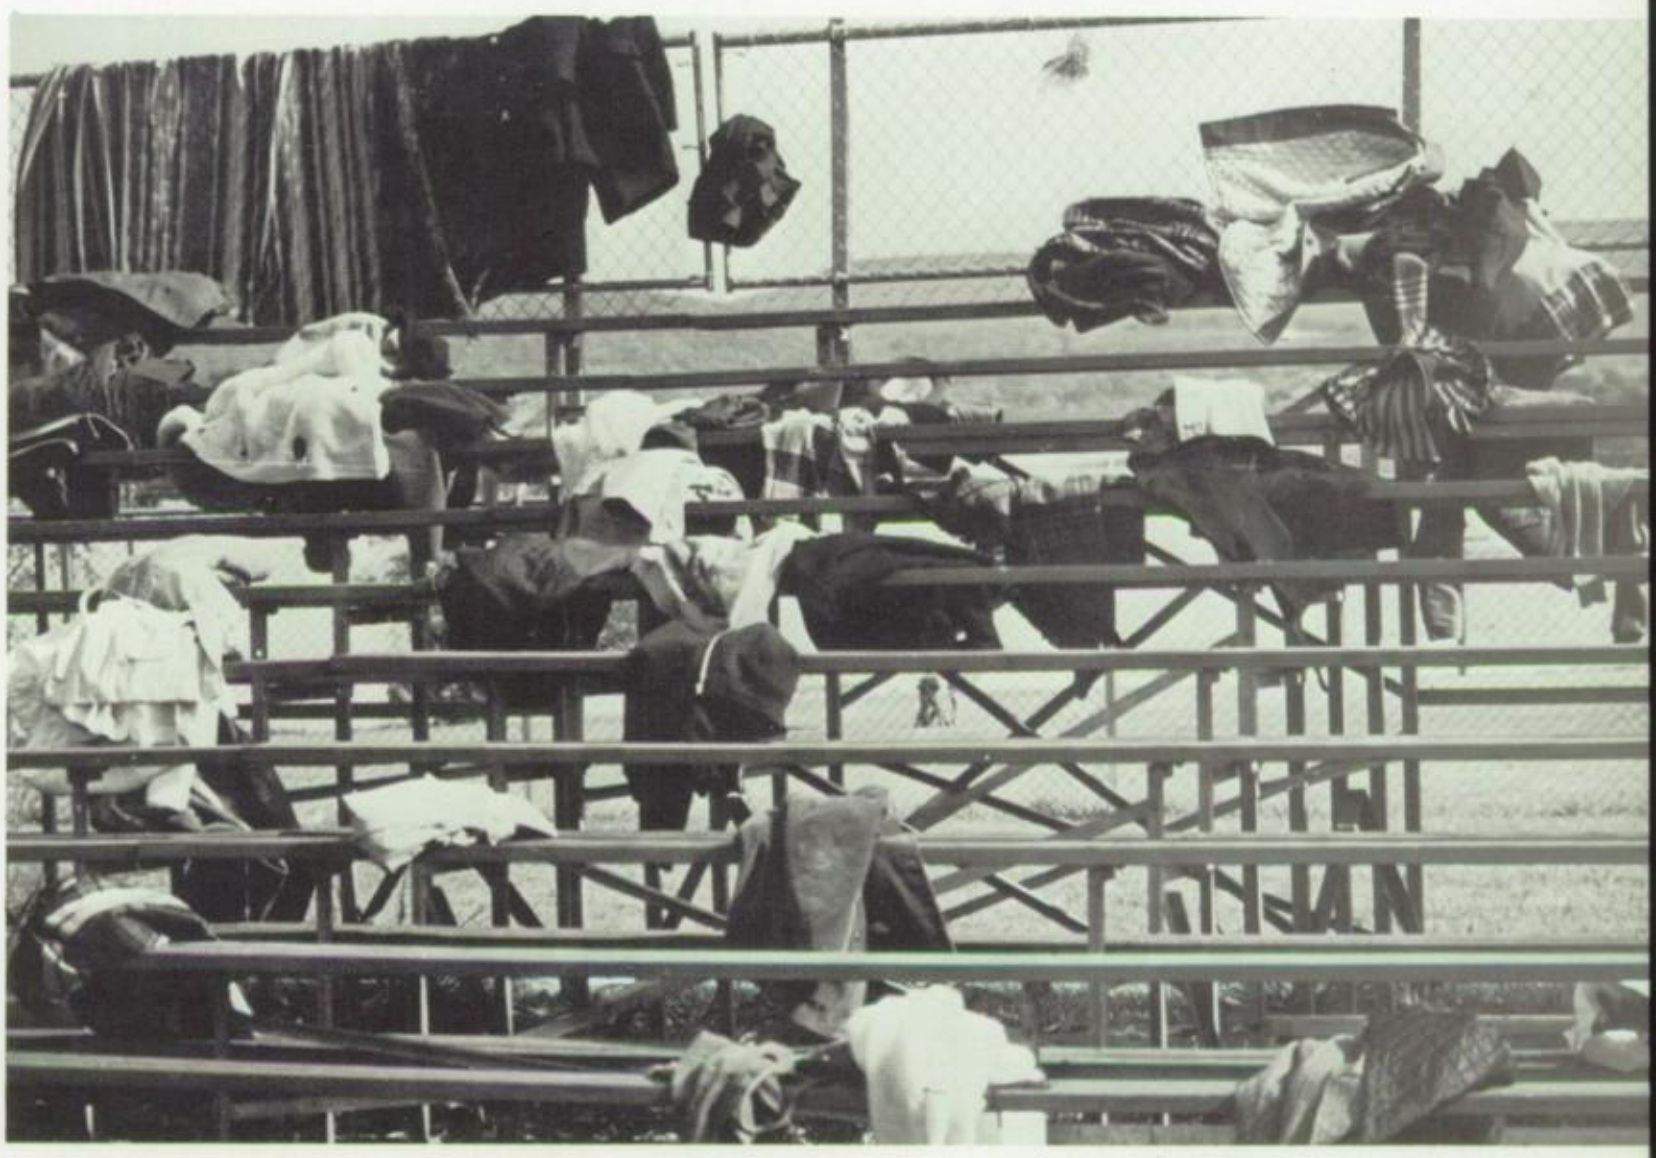


a kinship . . .

i am

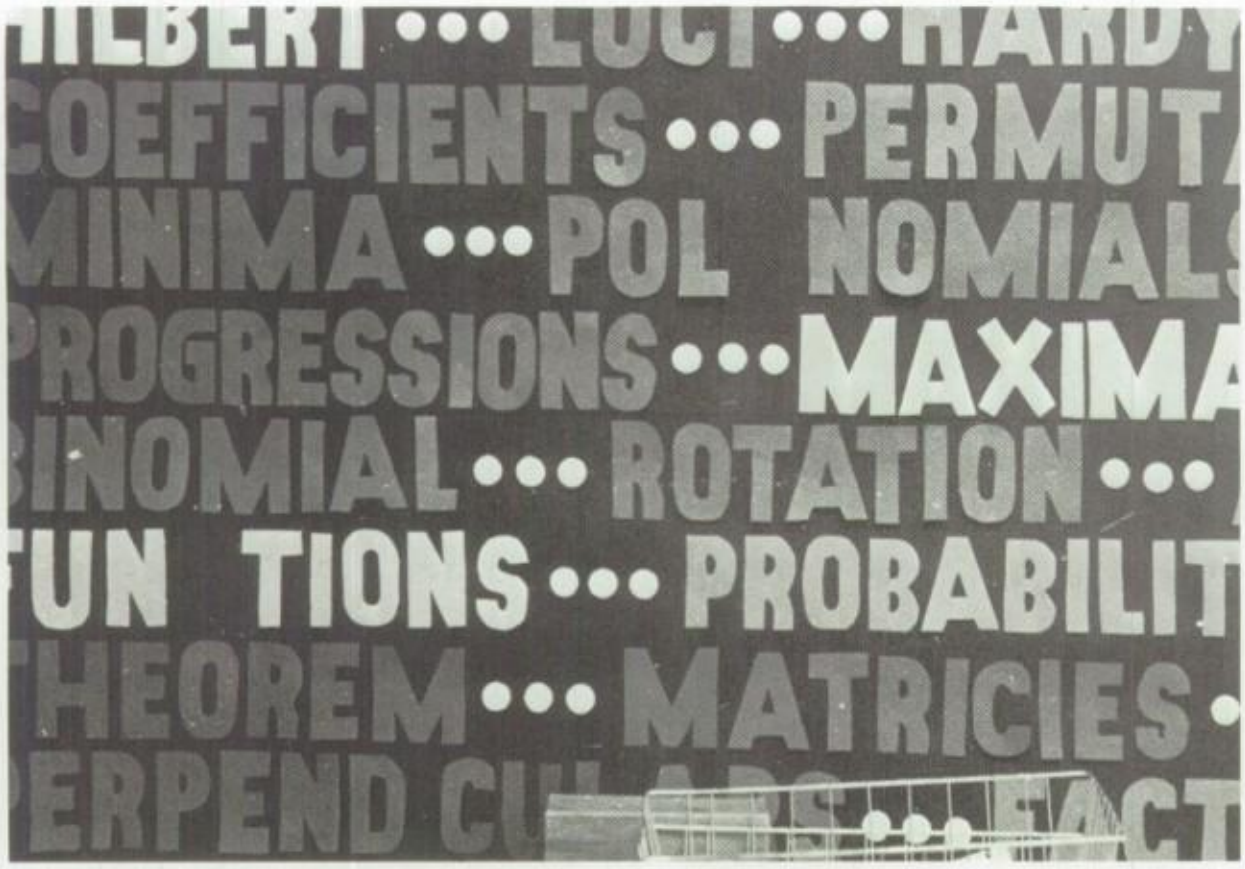
Westminster High School

you are westminster high school



take with you wherever you go

your memories of me



remember

what i have

taught you

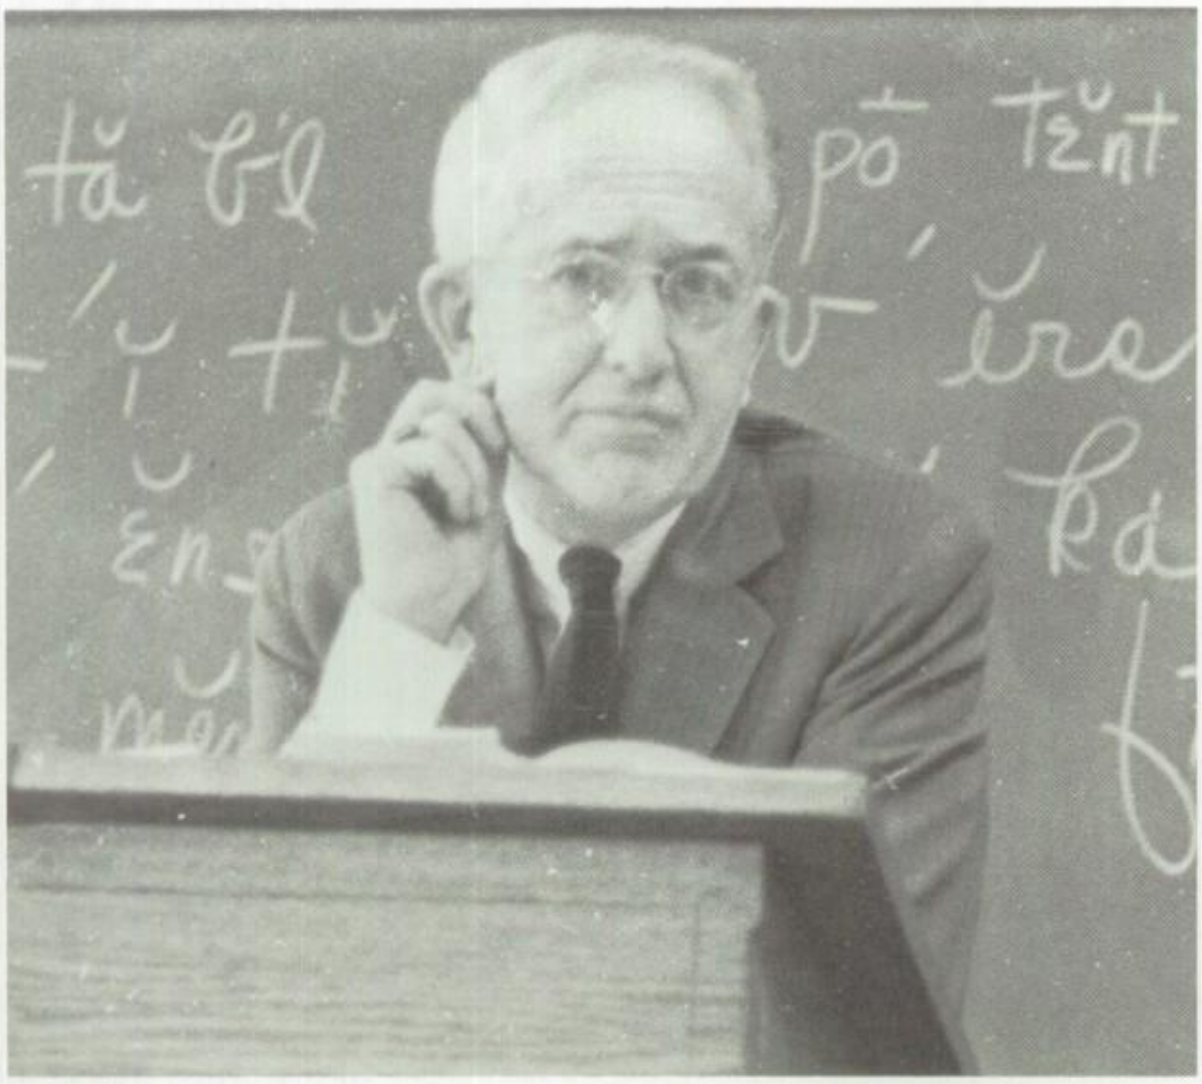
profit from

your experiences

with me

for i am the end of your beginning . . .

Dedication



i am those who have
helped me grow
from the new to the old —

the ones who are as much
a part of me as the marble
staircases and wise sayings
on the wall.

They Are The Masons Of Learning.

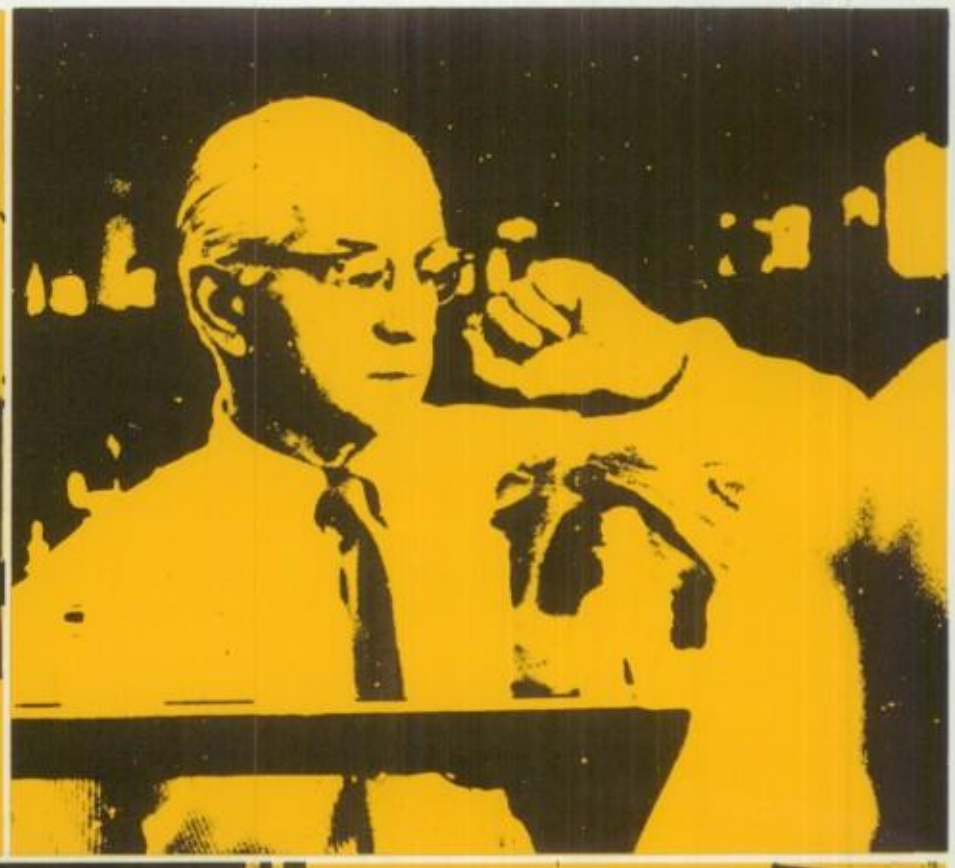
through their loyalty
and dedication they
have helped to build
an institution of which
we can be proud.

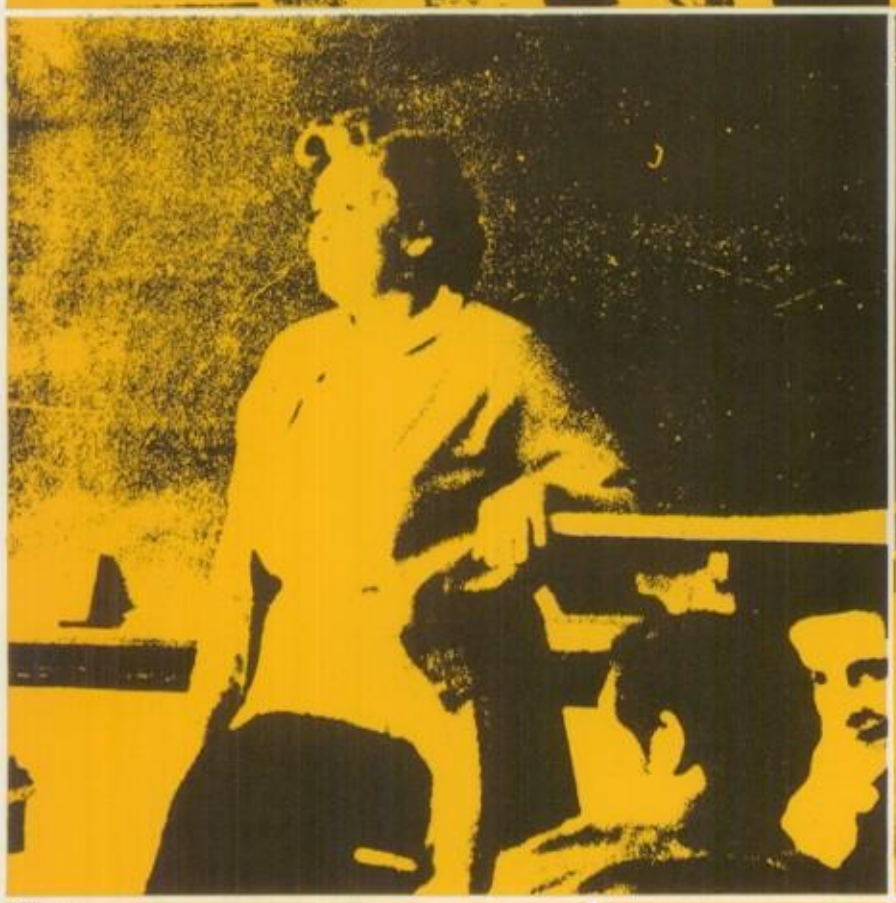
but now the time has come

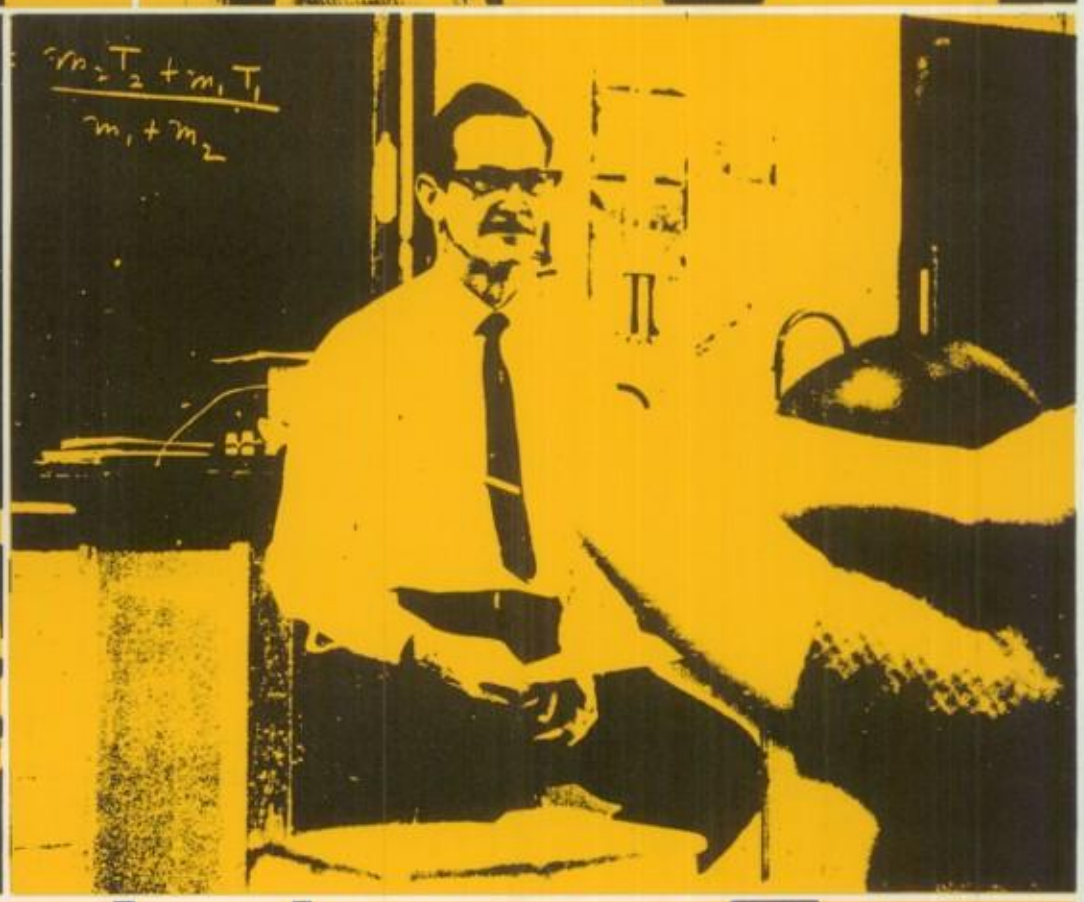
for them to step back after many years

of tireless work

toward making me bigger and better . . .







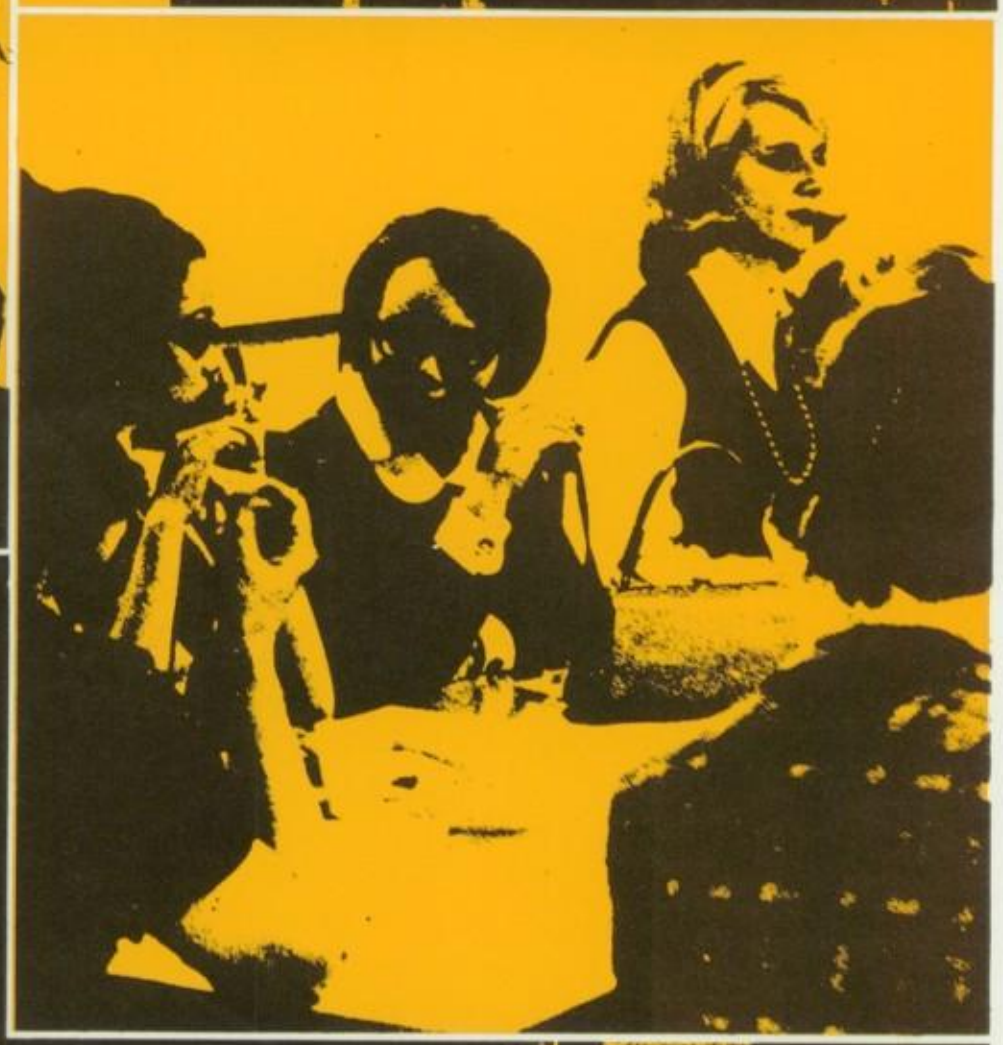
i am the dedicated, the experienced, . . .

and the knowledgeable.

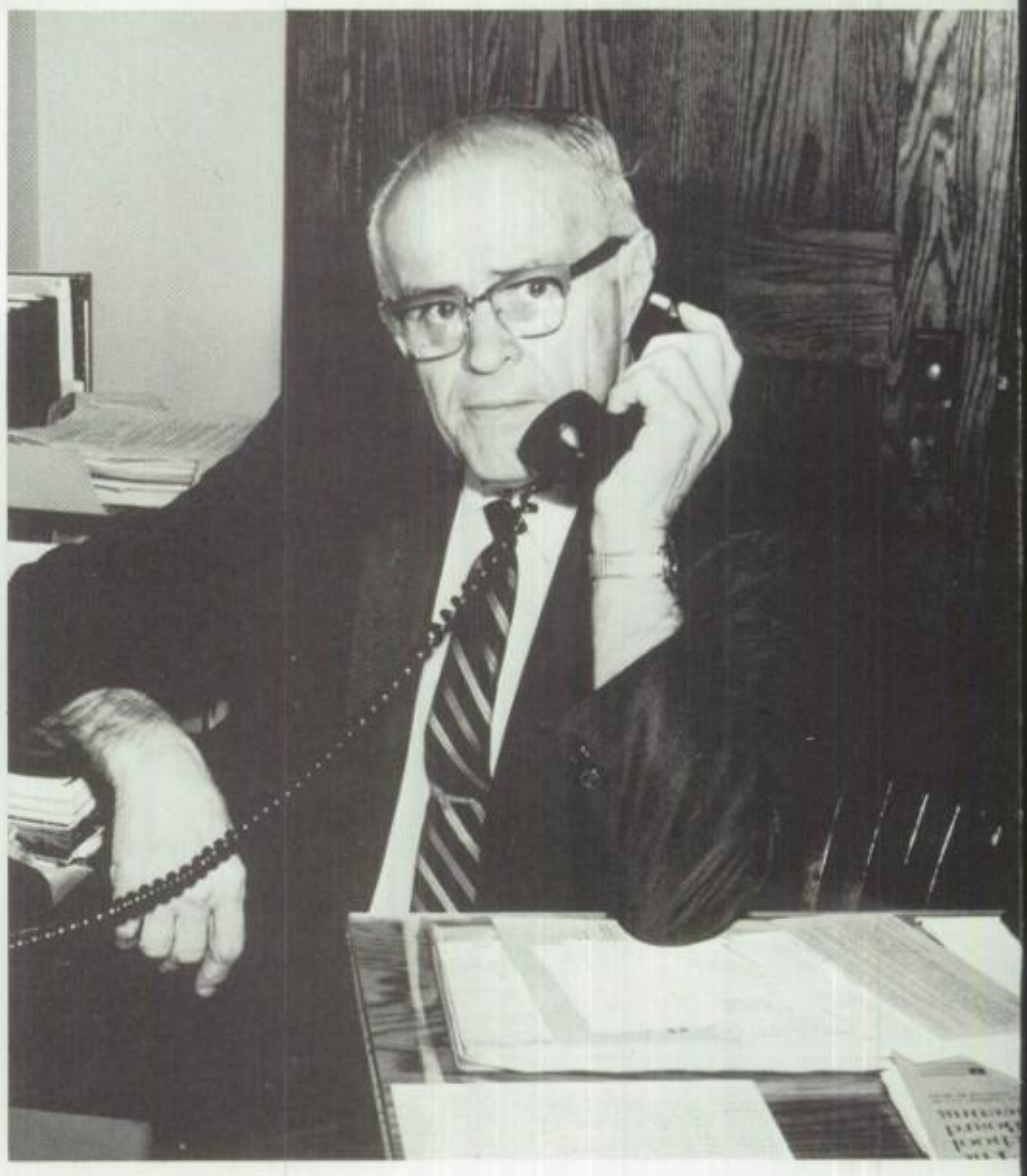
under the lesson plans, the homework assignments, and the attendance cards, lies the real thing —

the teacher who is there not to order, but to advise . . . to guide, reassure, and set the example.

to be concerned not with the grade we make, but how we make the grade.



FACULTY



Mr. Stephan A. Lerda — Principal

PRINCIPAL'S MESSAGE

To the members of the Class of 1971:

For the past thirteen years I have been sending the members of the Graduating Class my annual yearbook message. It has been a most welcomed and eagerly awaited challenge.

This year my sentiments are the same, but with the sudden realization that this will be the last opportunity that I will have to address a yearbook message to a graduating class from Westminster Senior High School.

Please permit me the opportunity to express my appreciation to each and every one of you for your cooperation with the staff here at the senior high school and your unending loyalty to your Alma Mater.

To some of your teachers who will also be leaving active service of the Carroll County Board of Education at the conclusion of this school year, may I thank them personally and for you for their efforts in behalf of education here at Westminster High School.

Needless to say many memorable events — worldwide, nationally, and locally — have happened in the past thirteen years while I have had the pleasure of being your principal. Some of these events have been exciting — while others have been depressing! It is not for us to dwell on the past, but to look with hope and desire to the present and the future!

If I may take this last opportunity to leave you with one sincere challenge — it is that OUR WORLD IS DESPERATELY IN NEED OF HEROES — No, not the kind of person that provides a juvenile sense of hero worship, but for the kind of man and woman who will accept the challenges and problems of the seventies and work to do something about them! Now is not the time to "cop out" on society. On the contrary it is the time to become "involved." This involvement can be of a constructive nature or it can be destructive. The challenge is yours!

It is my hope and prayer that each and every one of you will use the training you have received here at Westminster Senior High School and that rearing which you have received from your parents to make our world a better place to live! It is up to you!

Our nation, our homes, our schools, our churches — are placing their hope and trust in you — our youth. I feel certain that with the help of God and the proper use of your individual talents — you the members of the Class of 1971 — will make an invaluable contribution to our society that is in such dire need of "Heroes."

Mrs. Donna Sellman — Principal

Mr. Kenneth F. Mussari — Vice Principal

Creative Arts

Mrs. Ruth B. Reter; *Art;* Western Maryland, A.B.; Maryland Institute, M.F.A.

"Now folks, let's get to work" characterizes the picasso of Room 4, Mrs. Reter, who can usually be found deep in the midst of paints, posters, and collages helping future Rembrandts unleash their talents.

"Good grief, you bunch of screwballs!!" is one of the milder oaths Mr. Stimmel (WHS's own Sugar Bear) utters in trying to get the band in shape. Obviously, it has done some good because this year the band doubled in size and improved in sound and performance. Without a doubt, Mr. Stimmel's hard work, dedication, and patience has resulted in a band and orchestra our school can be proud of.

"Hey, Daddy!" . . . "Next year you'll be a star!" . . . Takes his anger out on the piano . . . Although we must put up with his many moods, puns, and yes, even country and western music, our performances are always top-notch. Thank-you, Mr. Sell, for your patience, interest, and endurance.

Mr. Herbert Sell; *Vocal Music;* Shippensburg State Teachers College; Western Maryland, B.S.; University of Maryland, M.Ed.

Mr. David L. Stimmel; *Director of Instrumental Music;* Frostburg State, B.S.

Miss Rachael A. Wentz; *French;* Western Maryland, B.A.; Wake Forest, M.A.; Millersville State.

Miss Wentz has certainly proved her ability as *un bon professeur de français* avec beaucoup d'examen difficile! Is it really true, Miss Wentz, that *Caligula leçhe les époules?* "Oui, oui, oui!" Mais faut que vous laviez vos oreilles, Mille . . . ais, ais, ait, ions, iez, aient . . . le vingt-huite septembre n'est pas un jour trés gaie pour nous! Through the years Miss Wentz's patience, good humor, and tolerance has made her a favorite among linguists.

Miss Carol Taggart; *Spanish;* Slippery Rock State, B.S.; Penn. State, M.A.

Miss Cornelia Kroh; *Latin and English;* Western Maryland, A.B.

This year many students flock to Room 101 for the primary purpose of studying Latin. Although we clawed the walls trying to learn our cases, we certainly profited from the experience even though Miss Kroh often had to gently prod us with "Come on people!" Do we see it? We soon found out that Latin class is erright!

Languages

Mrs. Margaret Reifsnider; *French;* Hollins College, A.B.

Mr. Blizzard's permanent replacement . . . warm room? . . . Sews all her clothes . . . (must be nice!) . . . "Abra sus libros" . . . Puts down loud music but comes up with great dates at football games!

"Bonjour classe" . . . Qui est absent?" Her magical glasses are a great necessity — on she speaks French; off she speaks English. "Bonne chance! et Alors, classe, un moment" typify Mrs. Reifsnider's amiable mannerisms.

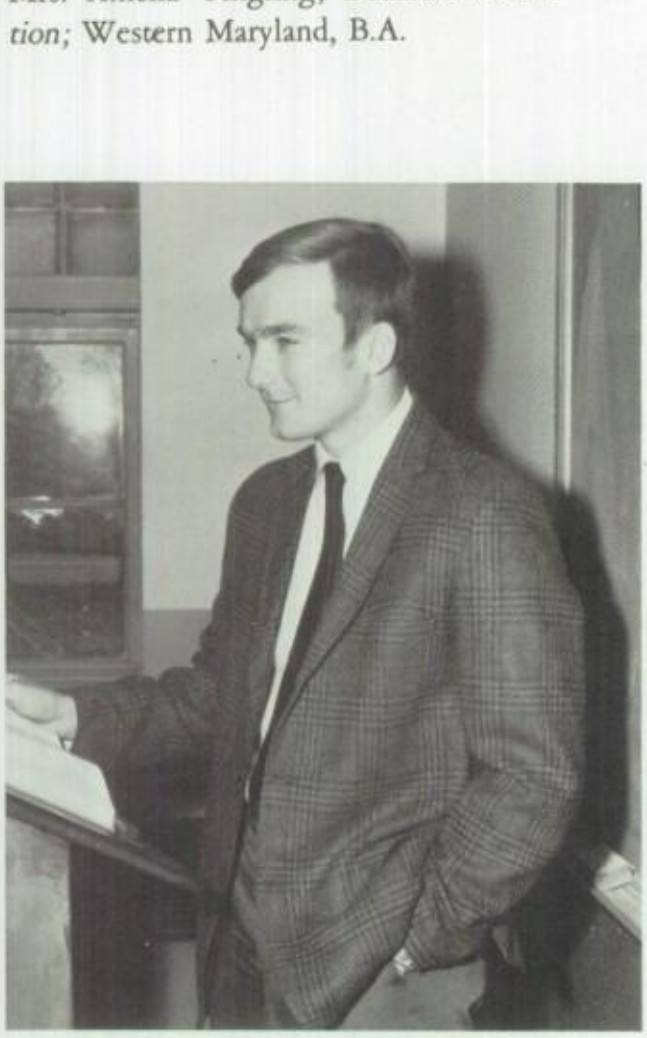
Business Ed.

Mrs. Amelia Yingling; *Business Education;* Western Maryland, B.A.

Mrs. Emma B. Edwards; *Stenography I, Typing II;* Western Maryland College, A.B.

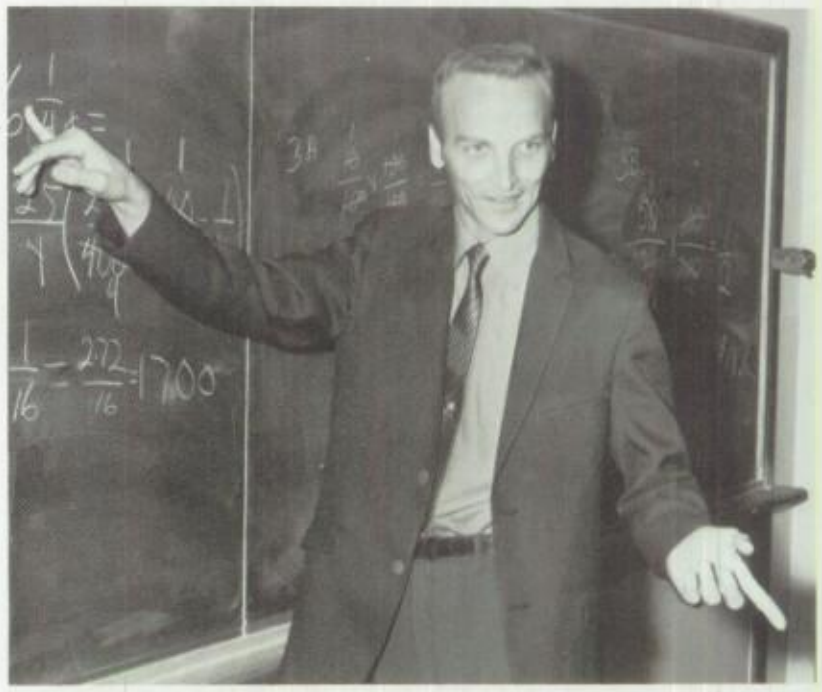
Our well-known typing teacher, Mrs. Edwards, has no trouble keeping her classes in order . . . "Quiet, everybody quiet" . . . "Do your own work." She can always be counted on for her never-ending patience and help to all her students.

Mrs. Yingling is one of the tolerant teachers who must put up with the clamorous clatter and endless mistakes of the "typing terrors." When not in her room, she can usually be found conversing with her neighbor and inseparable pal, Mrs. Reter. "6 inches . . ."



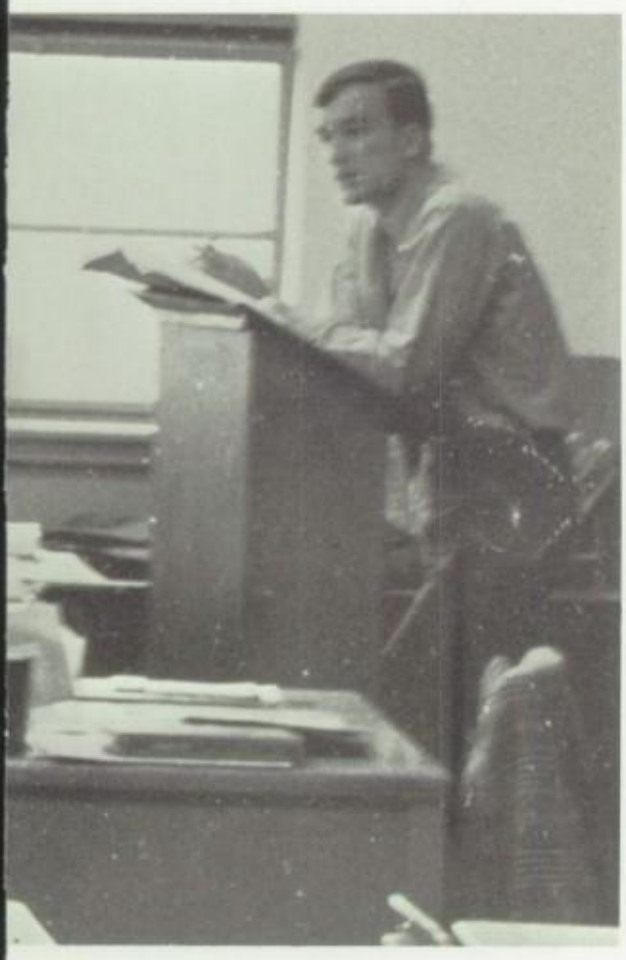
Mr. Jack C. Gettemy, Jr.; *Business Education;* West Va. Wesleyan, B.S.

Our easy-going bookkeeping teacher, Mr. Gettemy, is well-known for his home-grown quizzes . . . "Know that higher math." "This is Mickey Mouse stuff." Proud of that Baby! Things are always swinging in room number 11.



Mr. Howard B. Frymier; *Business Math, Notehand, E.B.T.;* Glenville State, B.A.

Mr. Frymier loves to tell his fishing stories or ask in his southern drawl, "What did you do Friday night?" or "What's the difference between a greaser and a thick?" In basketball his favorite line is "We will win." He's a great driving instructor but remember, "Don't grandma the wheel!"



Mrs. Miriam Roberts; *Practical Math;* Alderson-Broaddus, B.S.

Mrs. Roberts, a new figure in our Math department, must be commended for her patience in teaching and in tolerating the interruptions of the music students. Her spare time is spent in the cafeteria, not eating, but supervising the F.T.A.

Mrs. Reba Duren; *Typing;* Southwestern State, B.S.; Wisconsin State, M.S.

"Ready, type!" Is this a traveling salesman running through the halls with her briefcase in hand? No, It's Mrs. Duren, our devoted typing teacher, who handles both typing and griping for the sophomore class.

Mr. Jeffrey L. Baile; *Salesmanship, PBT;* Shippensburg State, B.S.

Mr. Baile, a native Pennsylvanian, handles salesmanship and PBT ends of the business program. As we students puzzle over problems and protest for an adding machine, he stalks up and down the room thundering, "Let's shut up and get this done!" Not really a tyrant at heart, Mr. Baile puts up with us — and that's a lot.

Mrs. Barbara Peck; *Librarian;* University of Massachusetts, B.A.; Library Assistants.

Mrs. Peck rules the library with an iron hand. Along with her able-bodied helpers behind the desk, she manages to keep the place in ship shape. Although she cannot tolerate voices louder than an inaudible whisper, she is always ready to help us find whatever we need.

Mrs. Frances Bennett; *English;* Towson State College, B.S. Education.

Mrs. Bennett, a new teacher on the third floor, is really enthusiastic about her Eng. classes and her study halls are known for their quietness.

Mrs. Melissa Robbins; *English;* Moravian College, B.A.; Yearbook

Mrs. Robbins, one of our new teachers, always wears a red dress when she's in a bad mood — but why red?? We've heard she's a great karate expert . . . Taddy . . . "This class is a bunch of "podunks" . . . "I remember when" . . . The first day of school found Mrs. Robbins peeking out of her closet door after saying, "I'm Miss Miller."

Mr. William G. Eaton; *English, Dramatics;* Western Maryland College, B.A.; Columbia University, M.A.

Mr. Eaton, a man of impeccable grăm măr and good taste with a knack for memorization, has always been a favorite with senior English students. For years, Monday has been sacred to writing which leaves the rest of the week for assorted impious activities . . . His dedication to the Key Club is undying and the Key Klub Kapers, although a little risque, have always been a great success . . . His students, while anxiously awaiting their names to appear on the top of the magic card pile, hurry to finish their paraphrases in time. But it is too late. Mr. Eaton calls on them and when they say they don't have it he replies, "The road to — is paved with good intentions . . ."

English

Mrs. Marcia Scott; *English;* The College of William and Mary, B.A.; Virginia Commonwealth, B.A. in Philosophy.

"Savvy?" . . . How do you do a research paper? . . . "I talk too much!" . . . "I just got a O for appearance!" . . . "It's up to you to beef it up!" Never a dull moment in Mrs. Scott's class — even though you might have to look in several different rooms to find her.

"Now I don't want to hear it!" "Okay little girls . . ." Miss Harris decided to take on more than the unruly sophomores this year — the literary magazine, *Sunburst.*

Miss Daisy E. Harris; *English;* Morgan State College; Loyola College; Catholic University, B.A.

Mrs. Barbara Baumgardner; *English III, Journalism I and II;* Gettysburg College, B.A.; OWL Advisor.

Mrs. B. is one of our valuable new additions and our OWL advisor. "Now let's get together, people!" Right out of the strawberry statement — That's her description of WHS. We appreciate her hard work and effort she exerted to help the newspaper staff publish one of the finest, if not the best papers in the history of our school.

Mr. Michael Galloway; *English;* Juniata College, B.A.

Line and wrestling coach . . . "Stop millin' around like a bunch of cattle." He's dictator of his English classes, but where would the "mat rats" be without him?

They say "You Can't Take It With You", but Mrs. Cole has succeeded in doing it! No drama student could ever forget those blessed voice drills. English seems to be her favorite class — especially Shakespeare and short stories.

Mrs. Marilyn M. Cole; *English II, Drama I;* Frostburg State College, B.A.

Mr. James G. Barnes, Jr.; *Modern History and World History;* Washington College, B.A.; Western Maryland, graduate study.

Jimmie or Charlie, who will be first? He's the advisor to just about everything, it seems. No one who has experienced him will ever forget his multiple response tests, or his Time quizzes, as the case may be, his love of ancient history and modern politics, his thing for rinky-dink things, and his FREE 6th and 7th periods. Next year for the M.A.S.C. conventions, Mr. Barnes, dial 800-325-3535!

Mr. David B. Eby; *American History and World History;* Shippensburg State, B.S.; Towson State.

Out in the portables you'll find Mr. Eby and his famous history classes. Rainy days find him greeting his drenched students with a cheery "You're not going to Melt!" In addition to the most horrifying essay tests, Mr. Eby keeps our OWL harriers on their toes!

History

"I've got it right here." (and she spends half the period hunting for it.) Her Mystic experiences and supernatural disposition make her classes "far-out"

Mrs. Dorothy Ahrnsbrak; *World History;* Towson State, B.S.

Amid city and government problems stands Mr. Ibex. "Take the rest of the period" . . . "Five points off for sleeping in class" . . . likes film strips . . . "Where were you Jeff?" . . . "Okay, you guys so its a lot of work, but someday you'll be grateful to me."

Mr. Jeffrey W. Ibex; *Geography and 20th Century Problems;* Western Maryland, B.A., University of Maryland.

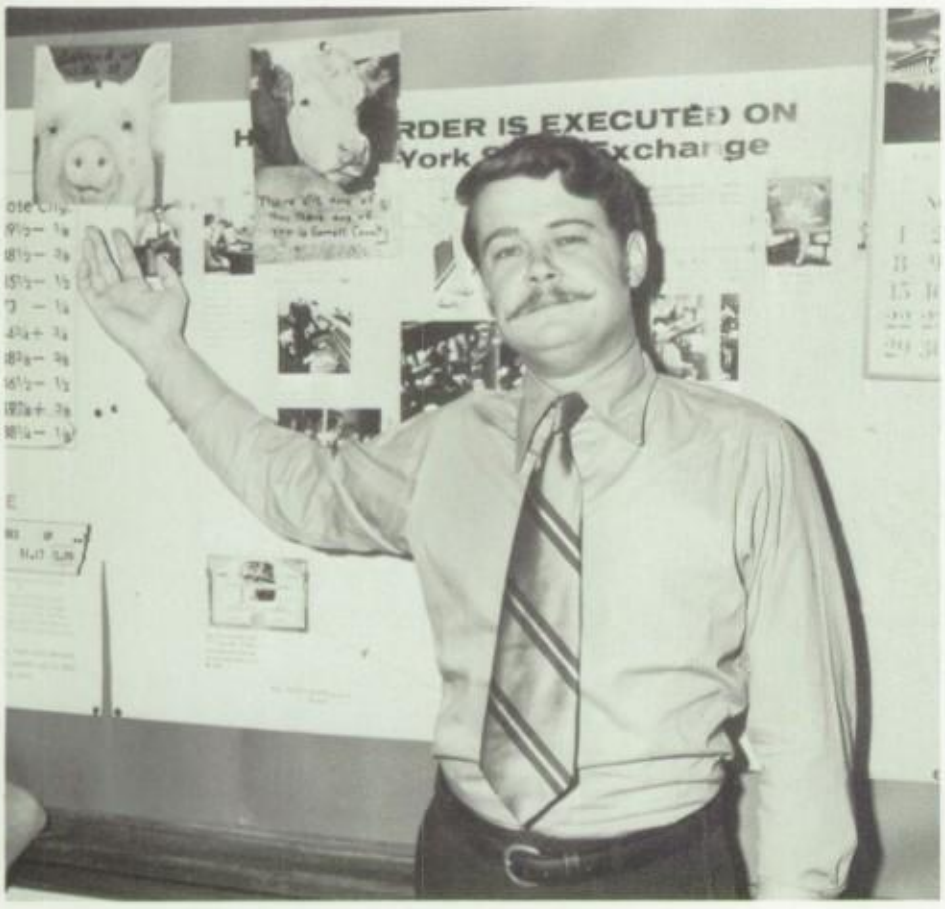
Miss Frances Miller; *U.S. History;* Western Maryland, A.B.

Chats with Mr. Eaton on the corner . . . "You bet" . . . Most unfortunate . . . has the cleanest desks . . . "Who would like to volunteer for outside assignments!" . . . students will never forget those current events tests which never seem to end . . . "To make a long story short always seems to take half a period."

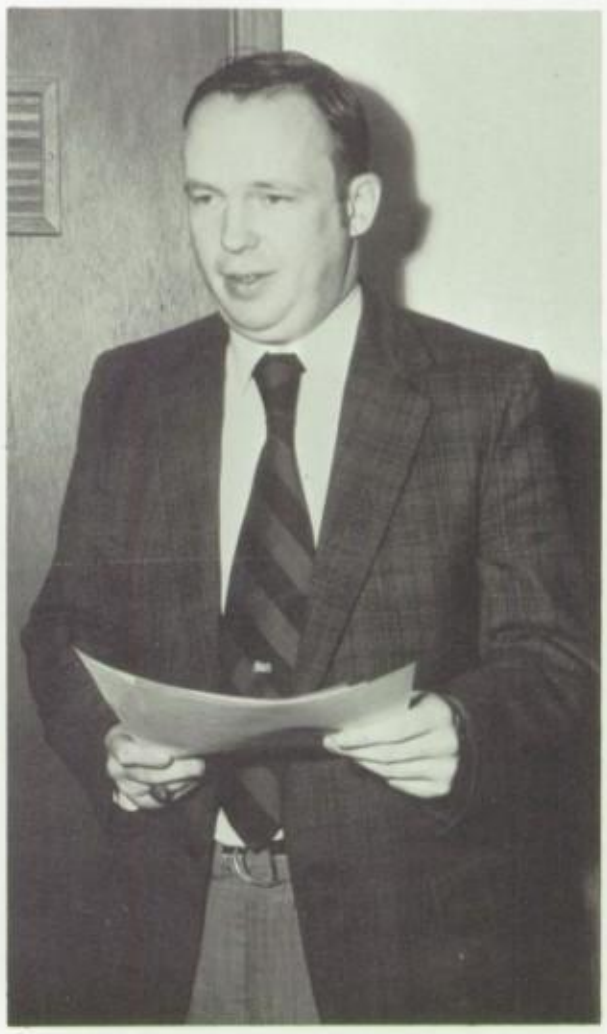
Mr. Joseph D. Mish, Jr.; *U.S. History;* Hagerstown Jr. College, A.A.; Western Maryland College, A.B.; Johns Hopkins University, M.L.A.

Mr. Mish's original skits and amusing imitations constantly keep his classes awake . . . or is it his perpetual pacing? . . . His thought provoking remarks stimulate many valuable classroom discussions, even though those seated in the back have to strain their ears to hear what he is mumbling.

Mr. Charles D. Drenning; *Social Studies;* Univ. of Maryland, B.A.; Soccer Coach.

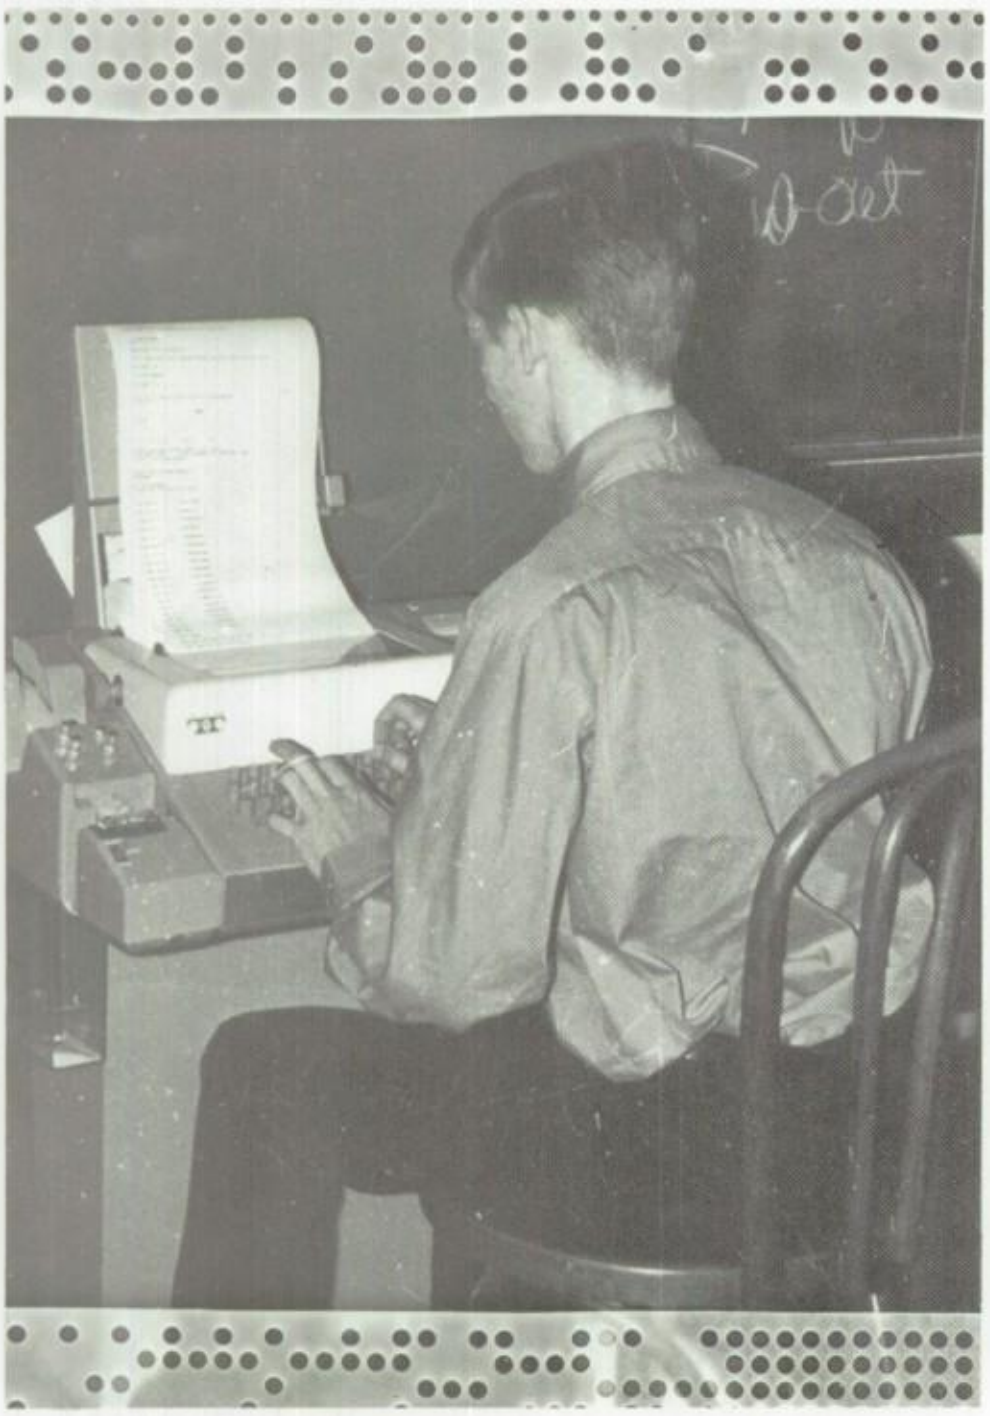


A favorite with all his students . . . Mr. Drenning is really a hillbilly at heart, delighting in trivia, soccer, dramatics, little red-haired girls, and other such unrelated activities . . . A part-time musician who can really swing, Mr. Drenning tries desperately to put a little humor into humdrum lives . . . Any facts we might pick up along the way concerning economics, sociology or problems of democracy are purely unintentional . . . Seriously though, Uncle Dahl is a real benefit to our social studies department, and we salute him for his great love of pigs.

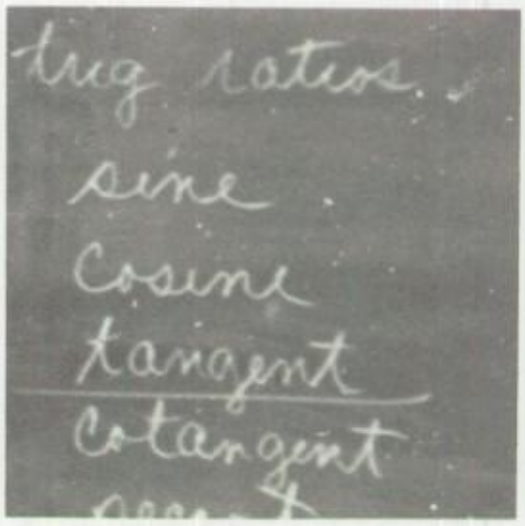


Mr. James R. Younkins; *Algebra 1, Plane Geometry;* Indiana Univ. of Pa., B.S.
Room 112's new math wizard, Mr. Younkins, is well known for his colorful bulletin boards and psychedelic theorem posters. His study halls know that silence is golden — even though there is quite a stampede up to his desk as students bombard him with passes to go everywhere. We thank you, Mr. Younkins, for your patience with the antics of WHS'ers — especially seniors!

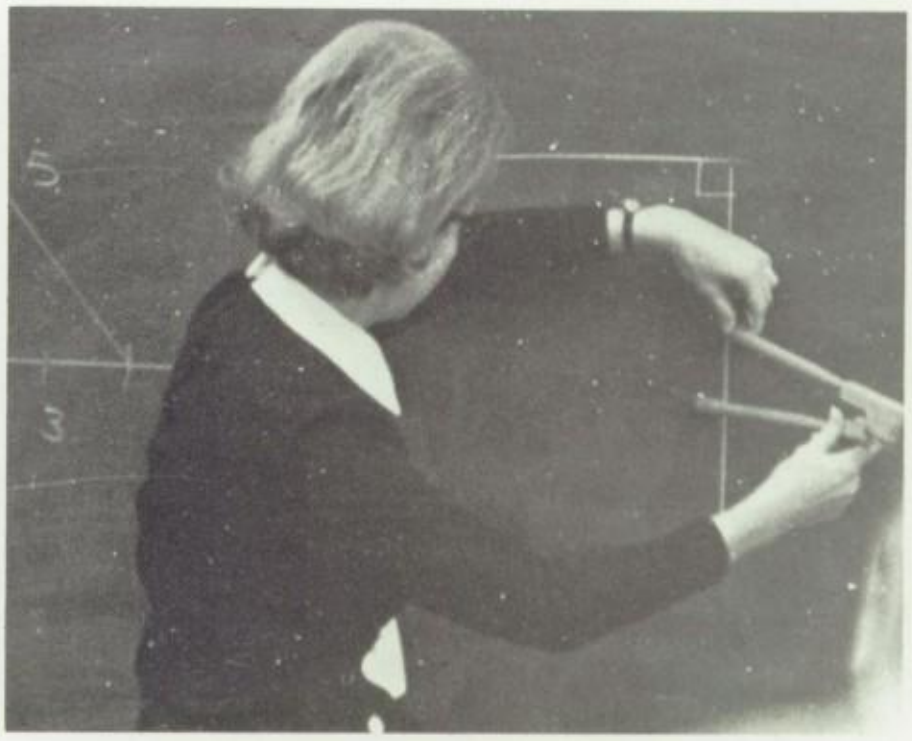
Mathematics



Mrs. Donna Esworthy; *Mathematics;* Mansfield State, B.S., Rutgers, M.S.T.
Mrs. Esworthy describes herself as "moody," but her students know differently. Her enthusiasm and love for mathematics proves to inspire the most uninspirable students . . . "Gee, isn't this exciting?!" EIA vs. the Slackers . . . Maneuverable(?)



Mr. Phillip R. Lawyer; *Geometry and Related Math;* Western Maryland, A.B., M.Ed.
A shrewd, cold, calculating man who knows all the angles, Mr. Lawyer has by now, grown used to the enthusiasm and zeal(?) of his students. He has proved to be a valuable asset to the faculty and we hope he will stay with us.



Mr. David M. Sullivan; *Algebra II, Math II;* Western Maryland, B.S., M.Ed.
This man is unforgettable for his undying loyalty to the sports program of WHS, and his suffering Math students. His fabulous smile and his blessed overhead projector are two things none of us will ever forget.

Mrs. Elizabeth S. Hitchcock; *Algebra II, Geometry;* Western Maryland, B.S., M.A.
According to Mrs. Hitchcock, one of our math teachers, "Time is of the essence." "O.K., let's get to class on time — where have you been?" . . . "If you don't turn this in, I don't know what I'm going to do to you!" She also has the headache of trying to fit all the NHS agenda into one period. Although she puts up with all the antics of her geometry and algebra classes, she always comes out on top.

Physical Education

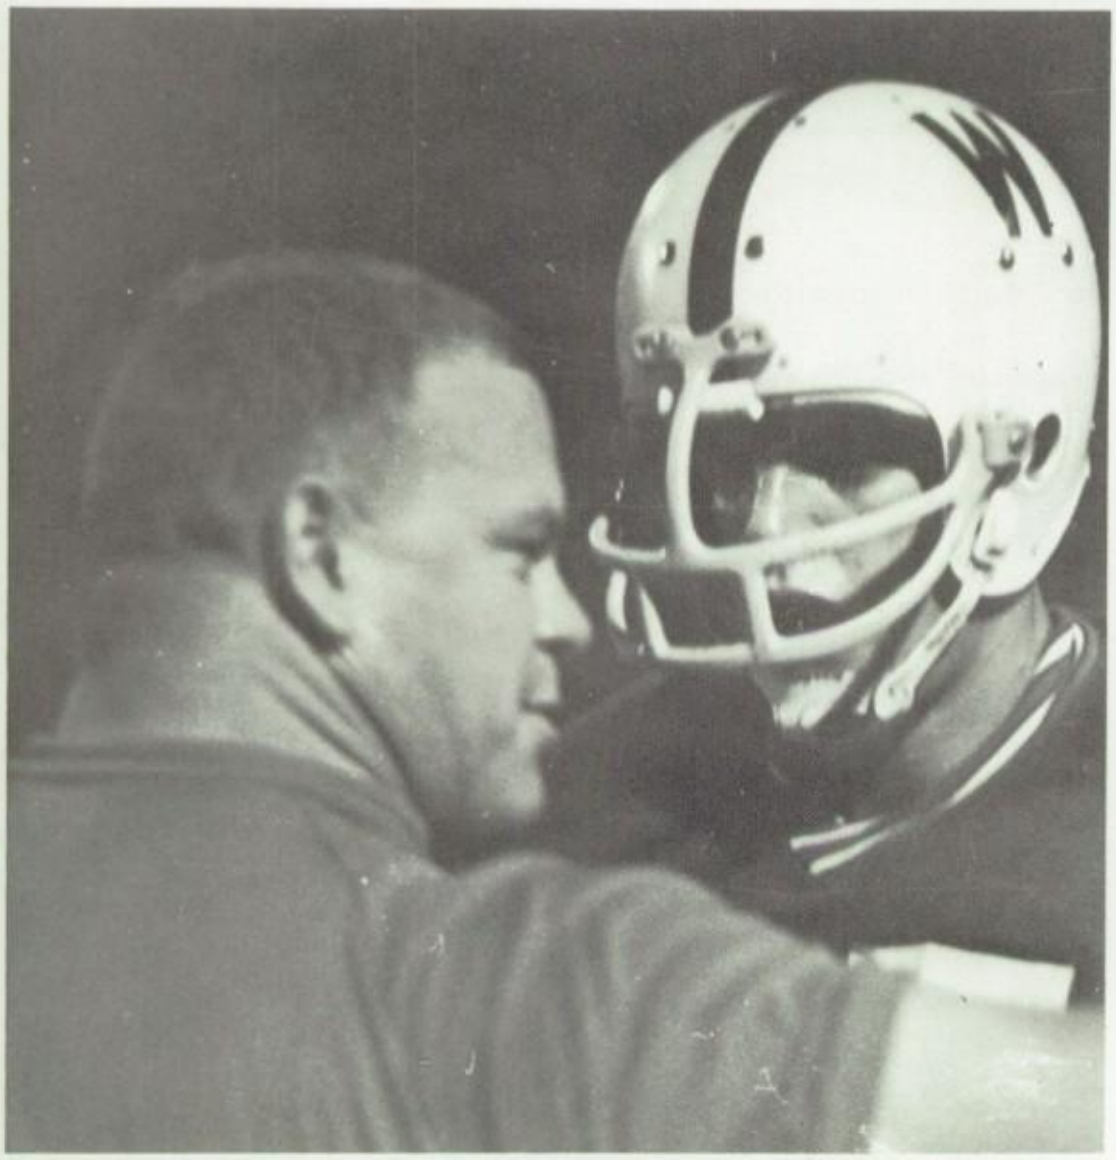
Mrs. Darlene M. Lauterbach; *Health I and Physical Ed. I and III;* Western Maryland, B.S.: University of Maryland, M.A.
Mrs. Lauterbach is a busy, bustling bundle of energy adept in a variety of sports from speedball to ping-pong. Her interest and support in sports day continues to pay off year after year.

Mrs. JoAnn D. Stull; *Health and Physical Education;* Madison College, Harrisonburg, Va., B.S.
Stull's her name; Hockey's her game. "Just got a trim" . . . Who wants to play speedball?" A real golf professional!

Miss Susan Rebecca Hooper; *Health, Physical Ed.;* Frostburg State, B.S.
Miss Hooper came to WHS in October. She fits in WHS life quite well and sometimes we are not sure whether she is a student or a teacher. The students plus Miss Hooper have learned quite a lot and we hope she will remain with us.

Jim Head; *Physical Ed., Driver Ed.;* Towson State, B.S. Great football coach . . . "Let's do some sweet-daddy kissing" . . . Loves August 15 . . . "Okay, we're going to get the kinks out." Coach Head has led our boys in a great season this year and we all think he's done a splendid job!

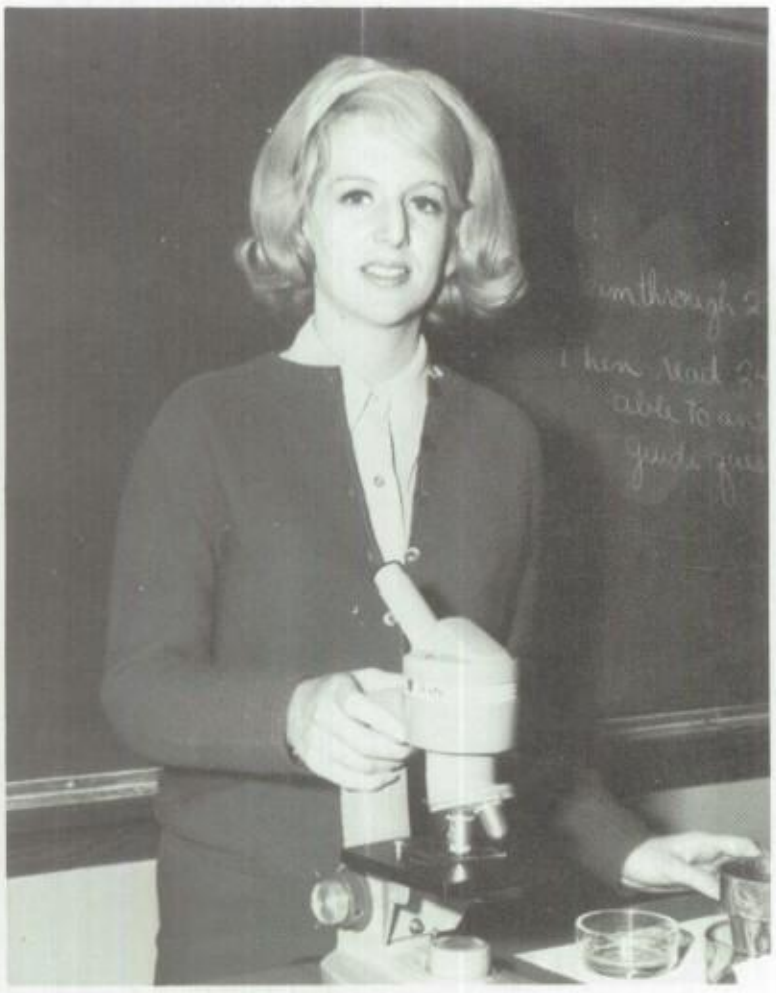
And if he missed?!



"Get 'em, Tiger!"

Mr. John C. McVicker; *Health, Physical Ed., Driver's Ed.;* U. of Maryland, B.A.
Slave drivin' back and track coach. . . . Got change for a twenty? . . . Tree micd . . . "That boy doesn't want to play ball!" A truly devoted coach, Mr. McVicker is always behind hardworking OWLS.

Science

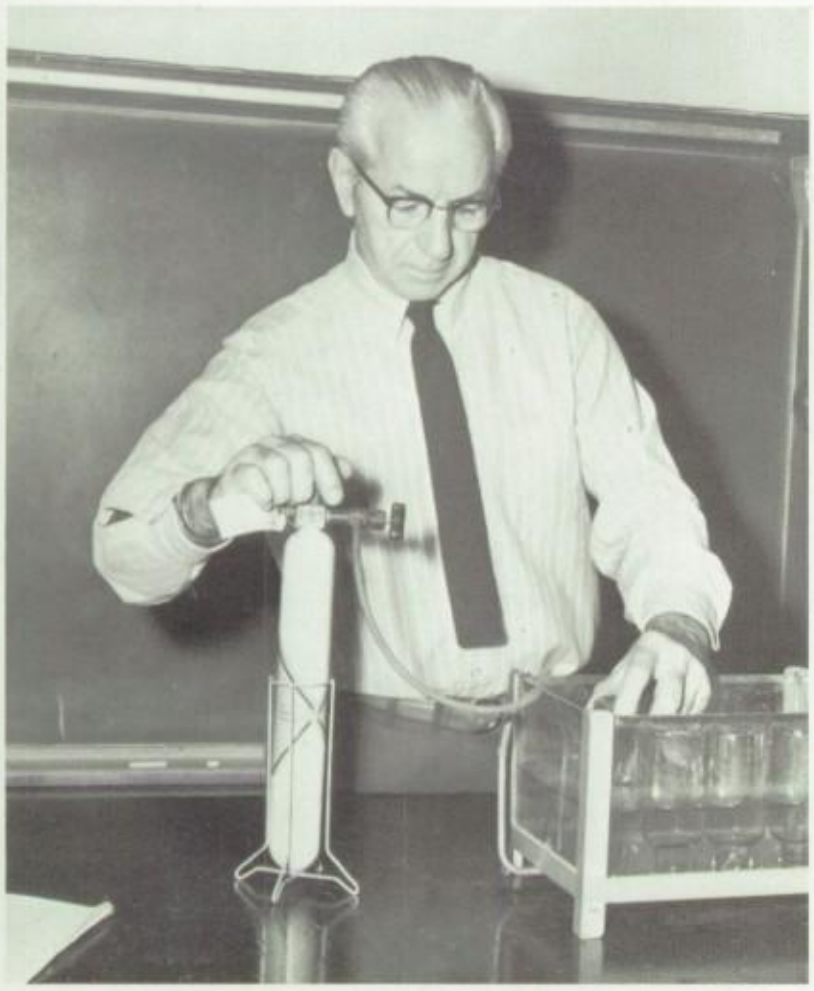


Mrs. Helen G. Herlocker; *Biology I;* Knox College, B.A.; Univ. of Illinois, M.S.
It seems as if the science department is at it again! Because of Mrs. Herlocker and her Ecology Club, WHS has claimed to be the cleanest school around . . . Is it really true that her biology classes are cool? . . . "Oh no!" to pithe or not to pithe . . .

Miss F. Suzanne Stewart; *BSCS, Biology I;* Clarion State College, B.S. Biology-General Science.
Biology is her bag . . . along with cooperative classes. But what about those occasional screams we hear interrupting our Chems tests?

Mr. R. Wesley Keffer; *Biology, Phys. Ed.;* Penn State B.S.
Wrestling Wes thinks girls and wrestlers just don't mix. "Just what don't you understand?" is one of his favorite questions. "How many molecules are in a mole . . . it's just like the old egg problems."

Miss Elizabeth G. Bemiller; *Biology I and Advanced Biology;* Western Maryland College, A.B.
Miss Bemiller is a familiar face around WHS. In addition to her Biology classes, she is blessed at Christmas with robes for the choir, juggles Health Careers Club doings, and is very adept at makeup for WHS' play productions.



Mr. Zygmunde C. Sobak; *Chemistry;* Salem College, A.B., B.S.

Do you know what a sig-fig is? Is a mole really a little animal that crawls in the ground? Who is Avogadro, anyway? Can you put STP in your car? These are some of the things you have to know to make every chapter your chapter in Mr. Sobak's bench paradise.

Mr. Everett E. Stanley; *Physics, Physical Science;* Colorado College, B.A.

Mr. Everett Stanley is WHS's very own Einstein. You will find this amply qualified "Man of all Walks" in Room 5. His "heads up" are very informative and everyone is kept captivated — and bristling — by the truly devoted member of the WHS faculty. Once again, we thank you, Mr. Stanley.

Home Economics

Mrs. Barbara Runkles; *Home Economics,* Shepherd College, B.A.

Our FHA adviser, Mrs. Runkles, is so little she has trouble seeing over her stoves. Were the mosquitoes bad last night? . . . Expert sampler . . . "I'll show you my way but you can do it yours" . . . Of course we always do it her way. The husband and wife team often known as "Mutt and Jeff."

Mrs. Shirley Mussari; *Home Economics;* Univ. of Maryland, B.S.

Mrs. Mussari has no trouble handling her playschool scholars . . . "Who wants to be in charge of the paint table?" . . . "Come on girls, let's volunteer." Friday's bonus question. "What have you learned this week, girls?"

Shop

Mr. Frederic W. Mueller; *Machine Shop;* Univ. of Maryland

Mr. Frederic Mueller handles sophomore and junior machinists. Mr. Mueller, known as Fred to the boys, deals with such complications as smoldering trash receptacles, unidentified flying objects, and a lot of other actions typical of his students. But his stern discipline soon corrects these misbehaving junior machinists. As the end of the year approaches, Mr. Mueller prepares to pass on his ardent followers to "Chief" and makes ready for some new apprentices.

Mr. Albert Albrecht; *Vocational Ed., Machine Shop;* Johns Hopkins Univ.

"Hey mate, how 'bout gettin' going on that job!" This could come from only one place in WHS — "Chief" (Al Albrecht's) machine shop. Stern discipline is the rule here as the "mate" turns out precision work. The boys really like "Chief" and our school is grateful for his sincere interest and devotion.

Mr. George Hugg; *Industrial Arts, Vocational Ed.;* Univ. of Maryland, B.S.

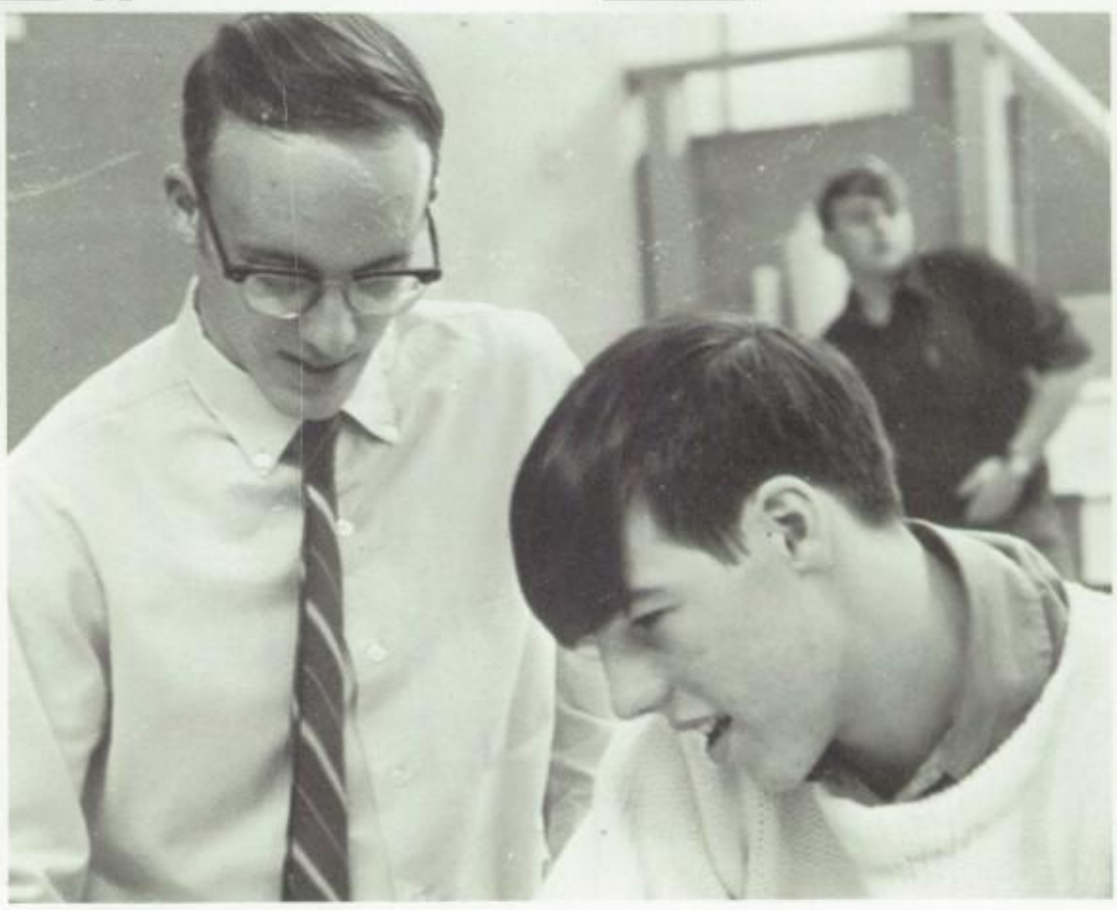
Mr. George Hugg is Westminster High's automotive wizard. A squirt of strategically-placed "Rust-buster" and some "Skewdivers" will fix it right up. "Hugg's men" do a real good job down to . . . well . . . the finish! There is no question that he is a favorite among his students and a tribute to WHS

Mr. Ronald Miller; *Industrial Arts, Woodworking;* Salem College, B.A.; West Virginia Univ., M.A.

Mr. Miller's woodshop is a place that smells as good as it looks. Things hum as he and his merry men keep things sharp all around.

Mr. David H. McKibben; *Drafting I, II, III;* Parkensburg Center of S.V.U., A.A.; Fairmont State, B.A.

"Mr. Mac!" . . . "Joey, where is the Sports Illustrated?" . . . Mr. McKib, is fifth period really that bad? His is the drafting class that can never be beat.



Cafeteria Staff

Front Row: Mrs. Evelyn Furry, Mrs. Edith Byers, Mrs. Anna Bond, Mrs. Hilda Schnauble, Mrs. Mildred Benedict. *Back Row:* Mrs. Ester Sample, Mrs. Dorothy Martin, Mrs. Margaret Ripley, Mrs. Miriam Sterner, Mrs. Edna Warren, head dietician.

Custodians

Luther Wagner, Albert Cullison, Ellsworth Lescaleet, Carl Pyles, Robert Irvin.

Lunch with Cornelia and Amelia.

Mrs. Jane Stephan; *Office Manager.*

Thanks for always keeping our class dues straight and any other financial matters that were brought to you. You always seemed to have staplers, scissors, tape, etc. whenever we needed them. What would we do without you?

Mrs. Lorraine Myers; *Secretary — Vice Principal's Office.*

Even though you really hate it when no one tells you anything or the Student Council kids forget to sign out — we really think you're GREAT!

Secretaries

Mrs. Myrtle Hoff; *Secretary — Counselor's Office.*

Mrs. Shirley Davidson; *Library Secretary.*

Guidance

Miss Virginia Troxell; *Senior Counselor;* Hood, B.A.; Pennsylvania State University, M. Ed.; Syracuse, University of Maryland, Western Maryland.

Miss Troxell is that cheery little lady — adept at tutelage and interrupting English classes — who has been our loyal counselor and advisor for the past three years. She is always ready to listen to any problem that might arise and her assistance with our applications and transcripts was direly needed and much appreciated. Although we experienced many uncertainties throughout high school, we could always depend on one thing — Miss Troxell and her guidance news letter!

"Easy Rider" . . . Our friendly sophomore counselor is a faithful girl watcher. He can often be found wandering the halls in search of a poor lost student.

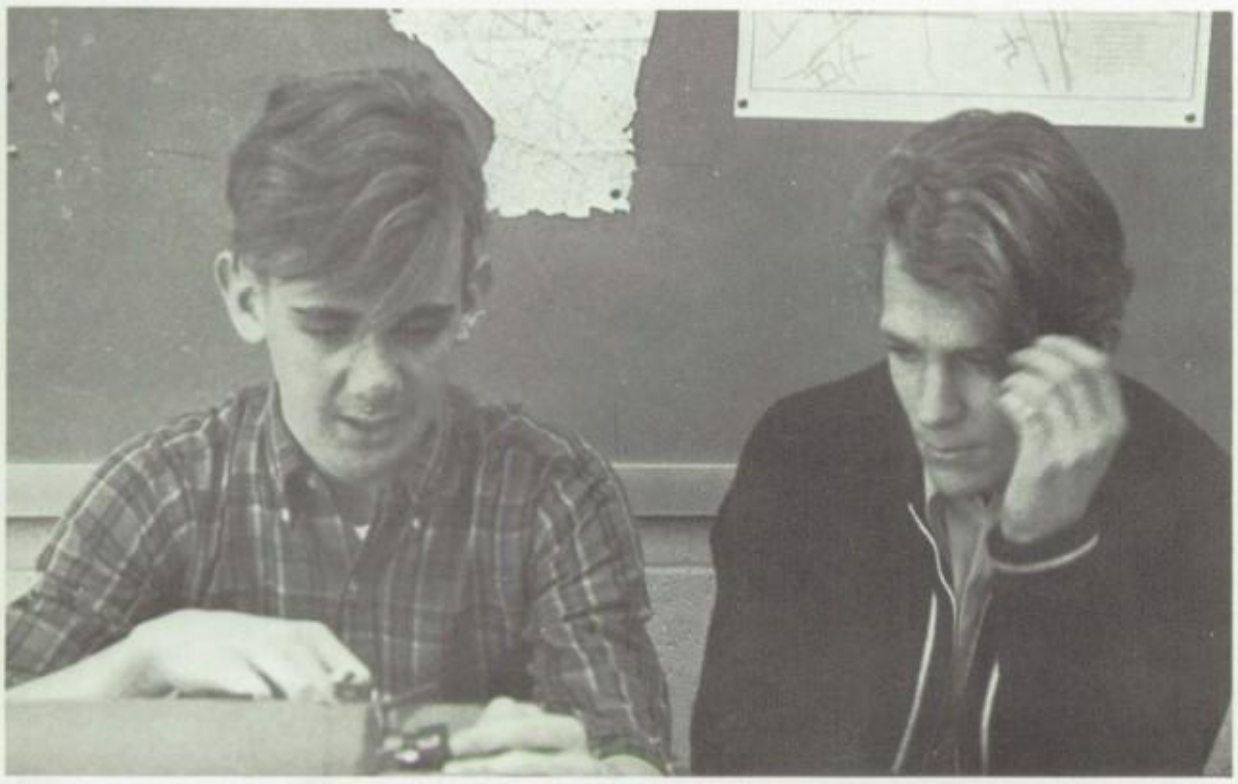
Mr. James McGettigan; *Junior Counselor;* Frostburg State College, B.S.; Western Maryland

Our wonderful junior counselor, Mr. McGettigan, seems to be very popular with the senior girls. His "Indian Reservation" jokes really stink, however. He always brings us discouraging test results, but at least it gets us out of English class.

Mr. Elmer W. Gall; *Sophomore Counselor;* Shippensburg State, B.S.; University of Maryland, M. Ed.

THE CLASS OF 1971 WISHES
TO GIVE A SPECIAL THANKS TO
THESE GUIDANCE COUNSELORS
WITHOUT WHOSE HELP WE'D BE
PRETTY DARN MIXED UP!

Work-Study



Mrs. Catherine N. Hartman; *Work-Study Teacher;* Guilford, A.B.

Mrs. Hartman, that sweet and petite "new teacher," has in the words of others in her profession done a "Remarkable job with the work-study program," initiated for the first time at WHS this year. To Mrs. Hartman, a well-respected and well-liked teacher, we say, "Keep up the good work; and thanks!"

Mr. James Cashdollar; *Cooperative Work-Study, Program Counselor;* Slippery Rock, B.S.; Shippenburg, M.Ed., M.S.

Mr. Cashdollar could be affectionately referred to as the "hopper" — commuting back and forth between the junior and senior high schools. Serving as guidance counselor for the work-study programs at the two schools keeps him busy—yet always willing to offer assistance to those that need it.

President

MARK EWELL CAUSEY

Mark *College*

Class Pres . . . golden voice of track . . . perfect attendance . . . voice on the phone . . . never bets his B.P. . . . always in a PECK of trouble.

The 1971 OWL Yearbook would like to pay tribute to one of the greatest guys in the senior class, Mark Causey. He's the man the senior class voted Best Leader; a title justly deserved since he has been a student council representative every year since third grade and class president the last three years.

Before his courageous battle with cancer, Mark had done what every man dreams about. Mark was the star of the Westminster Little Leagues and the Babe Ruth League. A very promising catcher and pitcher, Mark was the first 15-year-old boy from Westminster to play American Legion Baseball.

Mark excelled in sports all through his elementary school years and in Junior High School. Mark still holds the ninth grade Carroll County discus and shot put records, with tosses of 144'3½" and 48' 3½" respectively — a pair of records that may never fall.

In Mark's sophomore year, he became the first member of the class of '71 to earn three varsity sports letters. #45 made the Varsity Football team in his sophomore year and did an outstanding job as middle linebacker and running back. When basketball season came along, Mark became one of a very few in Westminster High School's history to make the Varsity Basketball squad as a sophomore. After basketball season came track and field where Mark stole the scene. A consistent performer in discus, he took 1st in the shot and 3rd in the discus in the District Track Meet. He was "a coach's dream."

Not only has Mark excelled in sports, but he also has a high scholastic average and is active in school clubs. Mark participates in Varsity Letter Club and is a member of Key Club.

Mark is now in a struggle with cancer, yet he is strong-willed and his spirits are high. He has many friends backing him up. To a really great guy: Mark Causey, we salute you!

Class Song

Of

1971

The time is here
to say goodbye;
The time is near
to bid farewell to all our friends
That we have made
all through these years;
Someday we'll find
our memories will always linger on.

The years have gone,
tomorrow comes;
Some sunny day
the smiles will bring much happiness;
Our cherished thoughts
will never fade . . .

And so we bid adieu
to all our friends.

There wasn't much we didn't do!
Amid our cheers of wanting glory
We'd end up always with the same old story
"Remember," after each game she'd exclaim,
"It's all in how you play the game."
To you our faithful coach so dear
We thank you for your patience this past year.

VOLLEYBALL FOREVER

The Varsity and North Carroll were Co-champs for the County. Our varsity lost only one game — the first. The J.V.'s were County Champs. The good luck cheer was "Let's fight — let's win — Varsity! YEAH!" They can be seen everyday after school, after March 1st in the gym until 4:30 where they spike, dig, set it up high, use "two" hands, and do thousands of pushups. They say that knee pads are coming back in style. Their favorite saying is . . . I got it — you take it. Last year's high scorer for the Varsity was Joyce Haschert with 40 points. Point scores for the J.V.'s are Earlene Bankert, 52; Wanda Gailey, 36; Debbi Stonesifer, 31; Vicki Sharkey, 25; and Robin Baker, 20. Let's win again this year!

The Name Of The Game Is SPIRIT!

Booster buttons worn faithfully by every believer in Owl-ism — the gams of the year displayed for the Loveliest Legs contest — a pep parade with prizes given for the best-decorated car — and who could forget the Key Club Car Bash? A big crowd turned up on that soggy Thursday night to cheer on our Owls and try a hand at smashing that car to smithereens! But it was an Owl victory over the South Carroll Cavaliers that made the week complete. After the cheers and tears, there was cake, great Hard Core sounds, and a good time to be had at the Homecoming Dance. All this during

Christmas Is . . .

that time of the year when fearless leader, Daddy Sell, lines up all his little birds for our grand ole Christmas concert. Along with the usual chaotic combination cafeteria-dressing room, frustrating candle lights, and unbearable heat, we experienced a few added attractions: pennies from heaven, pitch pipe blow-outs, occasional rumbles from the radiator. As this being the last Christmas concert at old WHS, just one more note to add — HALLELUJAH!

Queen of Hearts

As the Stage Band played the traditional "Theme From a Summer Place," the Queen and her court entered and were escorted to the throne. Debbie Shipley was crowned QUEEN OF HEARTS by Mr. Lerda, though the crown bearer was somewhat reluctant to give up the crown. Debbie's Senior Attendants were Becki Muse and Nancy Wheat; her Junior Attendants were Nanci Sample and Sherrine Brauning; Sandy Lawson and Billie Carlisle were the Sophomore Attendants.

Our Master of Ceremonies, Breck Borcherding, got things swinging with a big Valentine's Day kiss for Mrs. B., the staff's advisor . . . Then . . . "When sisters were Andrews and brothers were Mills, when the faculty was beeboppin' to the big bands of the Swing Era . . . " And now, those sweeties — The Kabitzer Sisters . . . Ronnie and Debbie exercised their talented vocal chords . . . Mr. Eaton's drama classes came through again with some of his quickies but goodies, and Stella's cackling laughter filled the auditorium . . . Then . . . with a little help from Mr. Stimmel's friends, the assembly came to a close as the audience rocked to "Shortnin' Bread."

Our Band

With a drum roll and a burst of brass, our W.H.S. band started the 1970 marching season under the direction of our soft-spoken, sympathetic director, Mr. David Stimmel. ("Left, Right, Left — No, your *other* left, idiot!!!"). Stoically we marched down the field — oblivious to mud and rain — thinking only of our new uniforms which were always supposed to arrive next week. They did come . . . two weeks after the last football game. However, during the concert band season our new uniforms complemented many fine performances so typical of our W.H.S. Band.

Pinch that dart, Granpa.

Picture a stage set, during the 1930's, at the home of "Grandpa Vanderhof," a zany old man with a family just as crazy. Now imagine Doug Chandler's ("Donald") classic opening line, "Evenin' Everybody!", Randy Haines' (De Pinna's) explosive, "Hey, let me get my pipe, will ya?", and Frenchie's (Kolenkov's) immortal, "It stinks!" If you find this nonsense outrageous, perhaps you would sympathize with the prude Miriam Kirby (Linda Collison) who sums up most of the action with, "Really Tony, I find this most embarrassing!"

Say, He's cute! WOOOO!

The Kirbys sure are droll, right Essie?

none other than Jester Hairston — Mr. Sell's favorite spirituals writer — who came to WHS to make last year's spring concert one of the best ever. Jester came (What shall we do? What SHALL we do??) equipped with his own special swivel chair and two different tuxedos!! — and taught the boys to make strange sounds (like HUNH! through the nose, remember!). Everyone agrees that it was a great privilege to sing with the Jester!

The Sunburst

The Sunburst Magazine is a comparative newcomer to WHS, and should be around for quite a while under the protective wing of Miss Harris. Starting out several years ago as but a class project, it has burst into our own magazine. Between its covers (which appear in early spring) are the students' own original work; short stories, poems, essays. Everyone, from Sophomore, through Junior, to Senior, is encouraged to submit his work to room 111 and into the staff's greedy hands.

Behind every assembly, concert, and theatrical performance held at WHS is a competent, hard-working stage crew. What goes on behind that shabby, dark green curtain of our stage? Ask Mike Eaton, the club's steadfast advisor!

we've come a long way, baby . . .

Publishing the largest newspaper in the history of Westminster High School — a twelve-page Christmas issue that focused on the holiday season and the growing problem of drug abuse among young people — was the highlight of the OWL newspaper staff's year. In addition to this journalistic achievement, the 1970-71 editors and reporters dramatically increased the coverage and scope of the tabloid. According to expert observers, the quality of writing and reportorial talent has improved significantly in the new OWL. In fact, over half the staff was inducted into the national journalism honor society, Quill and Scroll. The enterprising students were engaged in many unique fund-raising projects to finance the publication. Most noteworthy of these activities was the annual Queen of Hearts weekend, February 12 and 13.

With a "Sprinkle" of lemon, the student senate started its year off with a variety of topics: fans for the bathroom . . . partitions for the bathroom . . . smoking in the bathroom . . . and the bathroom . . .

Along with a romp with parliamentary procedure that never proceeded, and the threat that money might be spent (Heaven forbid!) Mr. Lerda was always there with a helping hand and comment. Mr. Barnes, with head in hand, sat silently and complacently (cough! cough!) as some poor sophomore sat frantically waving his hand, only to be overlooked because Jim couldn't remember his name.

We worked diligently however, at initiating the "HOPE" project, revising the ring policy, promoting OPEN LINE, and working more closely with the administration and Board of Education than any council before us.

The 1971 student senate year was one that will not be forgotten quickly!

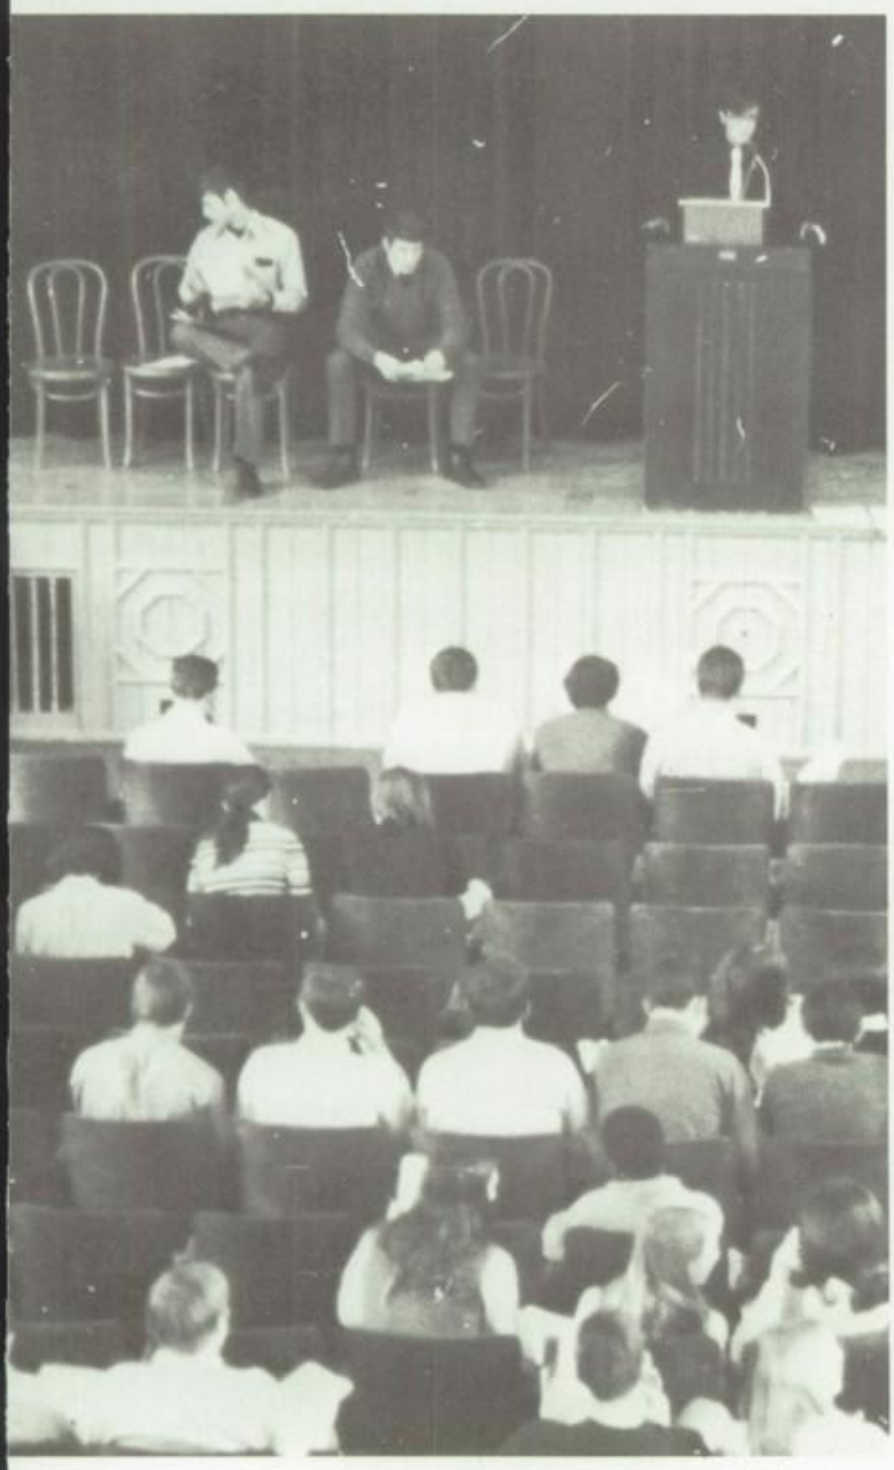
HAIL TO THE CHIEF!



Key Club

OFFICERS — Bob Gassman, Jack Mulrooney, Gary Myers, Leonard Roberts, Francois Derasse, Steve Griswold, John Kable.

Under the superior guidance of Mr. Eaton, the Westminster High Key Club has again led the school in service and community activities. Each member has given of his time and talents to make this year's club a complete success.

Throughout the fall, the Key Club's presence was felt at the football games where hot dogs and popcorn were seen passing throughout the crowd. Coach Ken Parker's '54 Plymouth from down South was treated to a smashing evening at the annual car bash.

The fall sports season was topped off with the crystal ball glistening at the annual football formal.

With festive spirits in our hearts and ELSEWHERE, a needy family was given a good Christmas through gifts and food provided by the Key Club. Even our Greek Protegé received letters from us. The student body at WHS had the opportunity to satisfy their minds and bodies from the Book Fair and senior mug sales.

Ask any Key Clubber about the fun we have when we go to Oregon Ridge. Maybe that's why we hurry so to get there.

The Key Club Kapers brought much leg and some acting from all the members. All of our achievements and projects accompanied us to the District Convention.

The seniors hope that the underclassmen will be able to prosper and strengthen the name of Key Club at the new Westminster Senior High School.

National Honor Society

Amid fostering scholarship, leadership, character, and service, the National Honor Society started off the year with a bang. Once a month, half of 5th period E.I.A. just doesn't show up, and according to Mrs. Esworthy, "WOW! The quiet people that never say anything suddenly go wild with, 'Look lady, I don't like the way you did that problem!'" . . . NHS Tutoring Service: That invaluable aid to students and teachers, but "What's worse than the blind leading the blind?" . . . Christmas Dance time — Oh, Breck — the lead singer has what? Tonsilitis? . . . And no, Frenchie, the Yearbook staff is NOT infiltrating the club!

On a hot summer's day, the NHS Picnic if off — and as it draws to an end . . .

. . . Linda Shafer says, "Erright now people, let's clean up our mess!"

Science At WHS

The Ecological Science Club of Westminster High vocalizes itself with sayings such as "Mrs. Herlocker will do it!!, Courtney be quiet!"; "OK people, you want to get off the desks; Please!!", "Too much red tape and administration," and "EARTH DAY is Coming!!!"

Ecological Science Club

Chem

Having trouble in Chemistry? Things don't gel? Nothing is starting to jive? Remember, everything must come from the bench. In LAB does everything just roll through slipshod? Well, if you get overwhelmed by those ammonIA fumes there's still help for you from these CHEM wonders.

Aids

The technicians of Mr. Sobak . . . "Ship Shape" is the motto of this group of scientific apostles. Without the Lab Assistants there wouldn't be any of those cute experiments that measure the percentage of hydroxide ion in a certain BIG THREE acid group.

As his followers look on, Bryant makes it as fast as Bud drinks it. Jim and Tim however, did manage to get a sample but what is that smirk on Penny's face — you've come a long way, baby!

Lab Assistants

OFFICERS: Karen Herr, Vonnie Eckenrode, Chris Zepp, Janet Taylor, Robin Barrick, Denise Means, Deanna Walton, Barbara Welk; Advisor, Mrs. Runkles.

Notice the new sparkle in the Home Ec. room? That's one of the many projects of FHA. Besides being professional painters, these girls can do anything from sewing to making Santa Claus goblets, to roasting by a campfire. Their prospective cookbook. *Culinary Disasters of the World* promises to be a classic and might even include a recipe for Ever-Fail Cookies. Our first Teachers Christmas Party was such a success that there is a rumor that one of the girls is trying out for Santa Claus next year. FHA may be the only club that has an advisor who lies about her height!

Future Homemakers Of America

Future Teachers Of America

OFFICERS: Sue Thomas, Carol Siegman, Sally Hemp, Marsha Myers, Barbara Welk; Advisor, Mrs. Miriam Roberts.

This year FTA got off to an early start. The meetings proved to be very informal and chaotic (Mrs. Robert's big headache) because Madame President didn't even know parliamentary procedure, but surprisingly the club accomplished quite much. Backwards Day and Dance, normally held in the spring, was held December 4th and was a great success due to the club's ability to work together (Right. Stella?). At Christmas FTA members sang carols at Henryton Hospital. Many calls were made for student teachers at the elementary schools and each member who got a chance to teach felt it was a rewarding experience. The FTA proved to have a very successful year and the world should be anxiously awaiting these future teachers. Right on, FTA!

The Health Careers Club, consisting of approximately 40 girls, 4 boys and 2 teachers, has been highly successful and unique this year. After all, how many clubs shortly after observing an actual heart surgery have been able to raid a MacDonalds? This year the club has done everything from confusing the Christmas robes to sending gifts to Rosewood. As you look at this picture remember two things: (1) Moles and money don't mix and (2) Someday you may be at the mercy of one of us.

OFFICERS — Pres. — Donna Ensor, Senior Vice Pres. — Helen Ries, Junior Vice Pres. — Danele Shipley, Sec. — Alda Bankert, Treas. — David Emmert, Chaplain — Debbie Ensor, Historian — Barbara Dollenger, Parl. — Lucy Corsa, Advisor — Miss Bemiller, Mrs. Herlocker.

Health Careers Club

STATE OFFICERS — Nancy Chalker, Danele Shipley, and Susan Crowl.

Fill the water pitchers AGAIN?

OFFICERS: Brenda Basler, Dixie Dixon, Debbie Hoff, Denise Owings, Barbie Dutterer, Joanne Kibler, Cherrie Glass; Advisor, Mrs. Yingling.

FBLA

The Future Business Leaders of America, commonly known as FBLA, takes over the cafeteria every third Thursday of the month. Mrs. Yingling, is our noble adviser urging us on to be "FINE BUSINESS STUDENTS!" Annual trips to well known business organizations are taken with much information gained. Concluding the year, a Senior Tea is given honoring all seniors for their fine work.

French Club

Parlez-vous Francais? If you attended our Wednesday afternoon meetings you certainly did! Bilingually, we discussed many involved subjects such as who's house to go to for cookies and milk after caroling . . . Our dashing, debonaire President, Monsieur Paul Mowbray, presided over us ardent French enthusiasts.

FRENCH CLUB OFFICERS: *Standing, 1st Row:* Jean Sheftic, Teresa Crum, Paul Mowbray. *Seated:* Carolyn Long, Nanci Warner.

Library Assistants

Without these dedicated students who are willing to give up their free periods, there would be no library facilities for the student body. They spend their time shelving books, signing passes, and doing other small jobs that make our library efficient. They work under the guidance of the librarian, Mrs. Peck, and her assistant, Mrs. Davidson.

Who are those wacky wizards who know where every switch, bulb, and button is on any piece of projection equipment? Those fearless members of the PJ club — better known as the Projectionists — can fix any complication that the old Kodak can produce. That's not all they get into. They do everything from doubling as library assistants to going stamp-happy at initiation time.

Projection Club

OFFICERS: Tom Sellman, Jeff Beard, Karen Rainey; Advisor, Mr. Baile.

OFFICERS: Joyce Haschert, Babs Peck, Diane Sackett, Steve Griswold; Advisor, Mrs. Barbara Peck.

Ski Club

"Think snow" was the Ski Club's motto during the winter and it seems their fervent prayers were heard because the club made several ski trips. For many of the members this was their first time on skis (and for some the last) and due to the patience and teaching from more advanced members, the beginners were at least able to claim they could stop while skiing — whether it be snowplowing or falling! Without Mrs. Peck's hard work and enthusiasm, the Ski Club would not have had such a successful year.

Girls' Athletic Board

Sportsmanship is a very important part of athletics. The Girls' Athletic Board represents those girls interested in promoting sportsmanlike conduct in athletic competition. They are selected according to their participation in school sports, their attitude, and their scholastic record. What do they do? The annual Sports Carnival is among one of their major projects throughout the year. It gives the other clubs of the school a chance to earn money at their individual booths and participate in a "Round Robin" of volleyball games. And how do you think those towels get washed, dried, and neatly folded on the shelves of the towel cage?

OFFICERS: Jody Clower, Karen Beard.

OFFICERS: Jerry Dell, Dennis Owings, Roger Joneckis, Jeff Beard, Bill Fourhman; Advisor, Mr. Head.

The VLC, a service club under the guidance of Mr. Head, has once again proven itself to be the mainstay of the WHS sports structure through the hard work and diversified talents of its members. Keeping the athletic records up to date along with cleaning and polishing the trophies are just two of the many services to which these young athletes apply their skills. And don't forget the ever present refreshment stand at all the basketball games and wrestling matches which serves to satisfy the hunger pangs of many an OWL fan.

From the start, the *1971 Owl* Yearbook Staff was a winning bunch. Cold was the night but high were the spirits when we brought home 24 bills for winning first prize as the best group in the Halloween Parade. Throughout the busy months that followed, the staff proved to be the "best group" at a lot of other activities besides. Activities like trekking through Westminster and beyond selling ads and patrons. Activities like invading the library to spread an organized mess over the big table in the back. *The Owl* Shutterbugs proved their

adeptability at showing up at the right times in the right places. And we add we were the first staff to have color endsheets and an originally designed title page, cover and spot designs.

All-in-all, (over-looking fatiguing Saturday afternoons, hectic deadlines, financial worries and over-all bedlam) we can proudly say the 1971 Yearbook Staff was the best group for producing the final yearbook to come from this high school!

i am the shadow of the old, the spirit of the new
. . . communing with nature on the way to portables.
. . . hard seats in the balcony.
. . . the guy receiving air-mail messages during an assembly.
. . . the kid getting the lunch-line elbow.
. . . top-floor lockers.

Underclassmen have known the endless homework,
the helpless feeling of being lost —
and not knowing why.

UNDERCLASSMEN

JUNIOR CLASS OFFICERS: *Left to Right:* Debbie Zauche, secretary; Jack Mulrooney, Parliamentarian; John Kable, President; Harry Rosenstock, chaplain; Sherrine Brauning, vice-president; Kathy Hayes, historian; Bill Finch, treasurer.

Wow, what a year! Being Juniors is a lot better than being sophomores. Being a sophomore at WHS was great, but a Junior is even better. Just think what it will be like next year . . . the first graduating class in the new high school!

A warning to all sophomores: if you have never written a term paper, you had better get those ole writing hands ready because you'll sure have them this year. A typical Junior problem is when one finds that he has two term papers due next week and the library's closed during his study.

Remember that funny smell at the dances in the gym when everyone was dancing without their shoes? How can we forget watching the year's first snowfall during the Christmas program?
Our sports teams did a fantastic job for us this year, pushing each other towards victory as a result of the competition between the teams. It's the job of the Juniors to top this year's records by leading next year's underclassmen to undefeated seasons in all sports.

As the last Junior class of WHS, we would like to thank all the teachers and administration for making our years in the old school as memorable, happy and fulfilling as they could be.

We look forward to our senior year with enthusiasm. We shall not only be the first graduating class but we will try to be the best class to graduate from the new WHS.

Sophomorism — As we began our venture into Sophomorism on September 1, 1970, we found it to be the biggest challenge we had ever encountered. No longer was anyone considered the "King of the Hill" — but rather, we all became the "low man on the totem pole." It was a hard struggle, but as we look back, it was probably the most memorable year of our lives. Now we continue on into the awaited position of "Upperclassmen." Our class of '73 would like to present an interpretation of Sophomorism.

A Sophomore is . . .

— being carefully looked over the first day of school by the upperclassmen.
— getting laughed at when you get lost going to class.
— the unlucky circumstance in the lunch line.
— a soul with an empty stomach.
— feeling exceptionally small when walking in *your* basement hall.
— getting a cheese sandwich and potato chips when the menu said "Fried chicken, baked potato, corn bread, and butter.
— knowing you're the future varsity man!
